In fielding, Paul Blair will make catches which other outfielders would fail to make. Aurelio Rodriguez will make fewer errors & take away more would-be base hits than other third basemen. This game has no equal in realism & play value. It has become so popular that it has been featured in Newsweek Magazine. Hundreds of thousands of baseball fans are now addicted to it. LIST OF FILMS

DIFFERENCE BETWEEN

STANDARD 8 and SUPER 8 FILMS

Most projectors show either standard 8mm films or super 8mm films (not both). We do not carry standard 8mm films. So, be sure you do not buy our super 8mm films if your projector is for standard 8mm films only. If in doubt, check the instructions with the projector. All films listed are black and white & silent unless otherwise noted. 200 ft. films are approximately 11 minutes long. Silent films are carefully edited with the use of super-imposed sub-titles to indicate dialogue.
