

## **Magickal Potions....**

Also known as a Philtre.... a form of a Magickal Charm... a concoction of herbs and extracts of or excretions of animals including animal parts.

More intense forms of this practice were used in Alchemy.

Sorcerers, Witches, Evil and Good doers of the Occult Arts engaging in the art of  
Magickal Potions.

Intended use being to cause Love or Lust of one they desire, or perhaps make one fall asleep or maybe even bring the end to ones life. One can easily visualize the Being standing by the Cauldron mixing away the brew to is soon to slew.

We have seen it all in the movies over exaggerated by the ugly as hell Witch. But is has been quite a common practice among those whom truly dwell in the Occult Arts and wish to manipulate others for their own devilish reasons.

So for some it may be a poison for the soul and drink of Death and for others the magical sexual potion to meet our Lustful Desires. For me the Magickal Potion is Red Bull or Monster Energy Drinks. For me it has changed my life in new ways. For in the morning it is the way to bring the dead back to life. Then again when Night Time falls.... Red Bull and Yegermiester brings out the Beast.

Any type of mixture that can alter your life or vision can be considered a potion. I myself mix potions in the candles I make to give them the Magick they need. Here are some samples of Magical Potions.

Choose your Poison well my friend.....

## **Potion to Make you Stop Loving Someone**

ingredients: ginger, cinnamon, salt, pepper, lemon, water and rose petals. Now here's the tools you will need: black candle, something to light the candle with, spoon to stir with and a rock and cup. Now light the candle and say one time: dark sides make me stop loving this man/woman Name(say full name). Then Take all of the ingredients and put into the cup but before drinking say this 3 times: With this potion I banish my feelings for (say his/her full name) Forever. Now drink the potion. Then Put the rock at the foot of your bed (that will turn your love for him/her feelings into hatred). Now the spell is done, but it only works for some people and there's no guarantee that it will work for everyone.

## **Delicious Spicy Love Potions (mulled Wine)**

Mortar and pestle  
red wine  
beautiful glasses for serving the wine  
1 red candle  
1 stick of incense  
a saucepan

3 types of love herbs, 1 teaspoon of each (Please check that the herbs you chose are not poisonous )  
Prepare your altar, light the incense and candle. Grind the herbs in your mortar and pestle  
(If you

have used it for grinding poisonous herbs, then either buy a new one for cooking, or use a  
food  
processor ), charge the herbs for your magical purpose. Put enough wine in the saucepan,  
simmer,  
then add herbs slowly. As you do it, feel your intention for love, stir in herbs, keeping  
your focus.  
For best results, do on the waxing of the moon and chose herbs that suit your taste. Some  
herbs  
and spices do have a very strong taste.  
have to pick which ones you want to stick around.
