SUBJECT GUIDE

In a book of this kind, it is impossible to have an exact reference as to the purpose of each of the over eight hundred and fifty rituals. Since each is unique in its objective, the index would be too lengthy. Hence, this guide will help you to find the type of ritual quickly. You can then check through those coded similarly until you find the one best suited to your specific aims.

This index only gives one category for each ritual -- but many rituals may have more than one aim so, as mentioned in the introduction, you are urged to read through the entire book at your convenience, marking those rituals which you plan to use later at your convenience.

Be aware of similar purposes -- an item coded for money, may be just what you need when searching for a prosperity or wealth ritual. A love or sex reference can often interlock, as can religious, spiritual, and psychic powers.

The Astrological and Planetary Incense chapter is not included in this subject index. Check there for your own zodiacal sign and some interesting information about it, such as characteristics, best day, lucky number, best colors, and ruling planet. In this chapter also are all ten planets with their spheres of influence and purposes for which the incenses and powders dedicated to each of them may prove to be helpful.

INTRODUCTION

This book will provide a much needed guide to the many occult incenses and powders being used today and the various methods of employing them to gain one's objectives. There have been other books covering these materials, with lists of their purposes, but the attempt here is to give full information and complete directions for specific purposes.

Within these pages you will find over eight hundred and fifty rituals for almost that same number of different objectives. Included are about two hundred fifty incenses and over three hundred powders, with an index for locating the various subjects which interest you. However, an index cannot provide a complete list of everything included in the text, so it is suggested that you read the entire book, perhaps marking those rituals which you may wish to use sometime in the future. To the right of the first line of each ritual there is a code which corresponds to the Subject Guide Index.

The material herein has been gathered over a long lifetime as a teacher, practitioner, and student of magical and occult literature. If you are a believer in the tremendous force of faith power, the rituals given can help you attain all the things you want in life and assist in ridding you of those unfortunate situations we all find ourselves in from time to time. There are magical procedures here for love, protection, resisting evil, increasing wealth, staying out of jail, and easing pain. If you are a skeptic and a disbeliever, there will be no more help in this book than the pleasant experience of reading some strange and interesting folklore.

Blessed be,

INCENSE

Since Biblical days incense has been used during special ceremonies. In Exodus, "Thou shalt make an altar to burn incense upon... He burnt sweet incense thereon; as the Lord commanded Moses." Incense, with its sweetsmelling perfume and high-ascending smoke, can be compared to a sincere, earnest prayer which, enkindled by the fire of concentration, rises up as a pleasant offering.

Incense begins with an aromatic substance from certain resinous trees. It is finely ground and then color and additional fragrance is usually added. Generally we expect the odor should be pleasant, but there are incenses which produce foul smelling fumes which may be hard to abide. Roots and herbs can also be used as incense, or they can be added to a wood based incense. Depending on the maker's choices and the intention of the incense, only a few additives can be included or many can be blended into the wood base.

Today incense is available in a great many forms. There are sticks, cones, logs, blocks, and powders. In occult practice, the powdered form is most popular because it can be mixed and combined with all the various ingredients deemed essential to the purpose for which it is to be used. Fragrance choice is almost unlimited, ranging from Absinthe, Allspice, Almond, and Amber to Wintergreen, Wisteria, and Ylang Ylang. The most popular scents are Frankincense, Jasmine, Musk, Rose, and Sandalwood. However, form and fragrance are not of primary importance in the choice of incense to be used in magical work. It is essential that they be formulated by one who believes that certain scents, combined with a goal-oriented name and a prescribed ritual, can change circumstances, bring many rewards, solve problems, and generally make miracles in the lives of those who believe in the wondrous powers of magic.

For those who wish to bless the incense or dedicate it to a special purpose before beginning the ritual, the following general prayer will serve.

"O Blessed One, accept this ceremony with the spirit in which it is performed; with sincerity, with humility, and with the realization of mighty mystical forces far beyond my own understanding."

INCENSE

ADAM and EVE

When used in a burner beneath which a square of parchment has been placed on which the two lovers' names have been written in Dove's Blood Ink and encircled with a hand drawn heart, this helps to form an impregnable bond which no outsider can pierce. For extra strength to the ritual, anoint the corners of the paper with the Adam and Eve oil before lighting the incense.

LO

AFRICAN JU JU

This same incense is sometimes called simply Ju Ju, and the uses for both are the same.

To place a hex or jinx on another person, write the punishment you wish inflicted upon that one on a piece of parchment paper. Anoint each corner of the paper with Crossing Oil. Then tear it into tiny pieces, mix with the incense and burn.

HX

ALGIERS

One of the incenses formulated to bring luck. Place your deck of cards, dice, bingo card, the number you plan to wager on, or the name of the horse which you plan to back beneath the burner, and burn before engaging in any games of chance or placing any bets.

GA

ALL PURPOSE

A basic formula concocted to lure generous benefits for those who use it weekly. Pray your own private petition as the taper is extended to ignite the incense, or chant this several times.

MI

All good is mine
Thy blessings unfold,
Tears turn to smiles,
And silver into gold.

ALL SAINTS

Should there be a special problem which needs assistance that can only come from those souls who are already with God in heaven, write the request on paper and place it beneath the burner. Light the incense and pray with assurance that your petition will be heard.

ST

O Saints of God, who are placed at His right hand,
Thy prayers be like a rampart
As against the foe we stand.
I give this situation to you humbly
and with confidence in the knowledge that,
with thy intercession in this matter,
goodness, justice, and mercy will prevail.

ALTAR

A holy incense formulated to attract holy spirits into the home or church where this is used. **ST**

ANGEL

Overcome hexes by burning this in the home once a week, preferably each Monday morning. **UN**

APHRODITE

Goddess of love and beauty, Aphrodite was an enthusiastic companion of the male gods and was worshipped by prostitutes as Aphrodite Hetaira and Aphrodite Porne. She was also known as Ambologera, the postponer of old age. The incense dedicated to her can be utilized in several ways.

If burned in the bedroom, it can protect unfaithful wives from their husband's discovery of the infidelity for it so beguiles the husband with its fragrance — and it won't hurt to use it during a love making session — that all other thoughts may be driven from his mind. **PT**

To entice a friend to become more intimate, use during visits to your home. **SE**

For those searching for the legendary fountain of youth, maintain good health habits, work and play in sensible proportions, and enjoy a spiritual rejuvenating session by burning this incense and reading this gem of wisdom from an anonymous poet. **MI**

Age is a quality of mind;
If you've left your dreams behind,
If hope is cold,
If you no longer look ahead,
If your ambitious fires are dead,
Then, you are old!

But if from life you take the best,
And if in life you keep the jest,
If love you hold;
No matter how the years go by,
No matter how the birthdays fly —
You are not old.

AQUARIUS

For those born between January 20 and February 18, see the chapter on Planetary and Astrological Incense.

ARIES

For those born between March 21 and April 19, see the chapter on Planetary and Astrological Incense.

AS YOU PLEASE

Bend others to your will by using one of the most influential fragrances available.

If there is a particular person who is resisting your desires or requests, place their name on parchment beneath the burner. Burn for a few minutes daily until your superior influence is firmly established. **CT**

To have your requirements met in contracts or business deals, this ritual might bring success. Burn it before signing binding papers such as leases or property settlements. After lighting the incense, pass the documents through the fumes. **BU**

ASTARTE

A love incense dedicated to the Canaanite goddess who was considered to be the daughter of Ra, the Sun God. Use it on specially romantic occasions to encourage love to blossom. **LO**

ASTRAL

Generally used for its star-like qualities, one of its attributes is that of making dreams come true, and include the use of the age-old rhyme. **WI**

I wish I may, I wish I might,
Have the wish I wish tonight.

Place your wish beneath the burner and sing the rhyme over and over as you light the incense.

ASTROLOGICAL

Refer to the chapter on Planetary and Astrological Incense.

ATTRACTION

A highly magnetic blend which attracts love and entices good spirits.

For love purposes, write the loved one's name on the four outer edges of a Seal of Love taken from the Sixth and Seventh Books of Moses. Place it beneath the burner, design upward, before the incense is lighted. **LO**

If the intention is to attract favorable spirits, burn immediately upon arising in the morning. **ST**

Use it to rent property by burning on the premises just before prospective tenants arrive. **BU**

BANISHING

Burn when you wish to expel an unwelcome visitor from your home. Its strength is increased if the unwanted guest's name has been written on paper, then the talisman is torn into tiny pieces and the fragments mixed into the incense before it is lighted. **HX**

BAST

Bast was the cat-headed sun goddess, the goddess of pleasure, and, naturally, she was a most popular diety. Dedicated to this woman with a cat's head who kept sacred cats in her temple as they were supposed to be incarnations of the goddess, this fragrance can bring delight and joy wherever and whenever it is used.

MI

BAT'S BLOOD

To cast a banishing spell, place your petition beneath a burner. As the incense is lighted, chant quickly nine times this rhyme.

HX

Waft your way to one I hate,
Guide him (or her) away from me,
Let my foe drift far away,
Never more for me to see.

A spell of retribution to one who has wronged you can be cast by chanting nine times, quickly and softly, as the incense is lighted.

HX

Evil to evil, dust to dust,
Good to good, just to just.

BAT'S HEART

To break up another's love affair, write the names of the two involved on parchment and place the paper beneath a burner. The written names should be upwards. Sprinkle the parchment with salt. Common table salt will do for this quite well. Then light the incense. Repeat the ritual daily with a new piece of parchment and more salt until the mission is successful.

LO

BENEFICIAL DREAM

Burn in the bedroom just before retiring so that the night will draw favorable influences and beneficial spirits which can help to make one's dreams come true.

PS

BETTER BUSINESS

The fumes are said to encourage customers to want whatever merchandise is being offered to them.

BU

BIBLE

For those searching for the deeper meaning in scripture, burn this near your Bible's resting place so that, when studying sacred writing, you may be blessed with having the secret meaning of the words made clear.

RE

BLACK

This is believed to add strength to spells intended to cross others. Write your intention on paper and place beneath the incense burner.

HX

BLACK ARTS

A powerful mixture concocted by one who believes in the magical virtues of incense, formulated to give complete domination over enemies to the user. Chant as the incense is lighted. **CT**

Power to me, defeat the foe,
Strength to me, subdue the foe.

Bring distress to opponents by mixing several drops of Voodoo Oil into the incense. Write the names of those who stand against you on parchment with the oil. A toothpick will serve if you have no new pen to use, for the writing instrument should not be used again for any other purpose. Place the paper under the incense in the burner. After the incense and paper are burned, scatter the residue in front of the foe's door, or mail it to him (or her) anonymously. **HX**

Create havoc among evil doers by placing their names beneath a burner of the incense. Light it and read Psalm 55, inserting "So be it" after each verse. **HX**

BLACK CAT

To gain good fortune for yourself, burn each morning upon arising. **LU**

Bring defeat to another by placing their name, written with Dragon's Blood Ink on parchment, beneath the burner and burning at midnight. **HX**

BLACK POWER

One of the strongest power blends available. It can be burned any time you need to increase strength, control, or authority. **PO**

BLESSED

For protection, light the incense and pray sincerely, **PT**

Angel of God, my guardian dear,
To whom His love commits me here.
Ever this day be at my side,
To light and guard, to rule and guide.

To make holy water, place rain water in an open bowl between two white candles. Anoint the candles with Blessing Oil and place them on a table with the incense at the front of the altar. Hold the bowl of water with both hands, passing it through the incense fumes in a circular motion, as you repeat this chant. **RE**

Water, water, come down from above,
Bless this water with thy grace,
Aqua pura, water of life,
Call it holy in this place.

Place the water on the table and leave it undisturbed until the candles and incense have burned out. Then pour the water into a clean container and seal it until ready for use.

In the event that rain water is not available, water from the faucet can be used by boiling it first so that any impurities in it are neutralized.

BLESSING

A great purifying agent used to make worthy the home or church, or any other paraphernalia in its presence. Repeat Psalm 145 as it is lighted. **RE**

When tempted, pray the following prayer and burn this incense so that one's determination to resist wrongdoing may be reinforced. **SI**

God of Heaven, bless this sinner,
Keep me in Thy holy eye.
Protect me from the lure of sin,
My resolve for good do fortify.

BUDDHA

The Divine Teacher, The Enlightened One, an avatar, or incarnation of Vishnu, was born miraculously into the royal family of the Sakyas about 560 years before Christ. He preached his doctrines of mercy, non-violence, moderation, and that "the only remedy for evil is healthy reality." Use this in services, and for enlightenment on any matter. **SP**

CABALA

See Kabala.

CANCER

For those born between June 21 and July 22, see the chapter on Planetary and Astrological Incense.

CANDLE

Intensify the strength of candles by burning this before the candle is lighted. **SP**

CAPRICORN

For those born between December 22 and January 19, see the chapter on Planetary and Astrological Incense.

CAST OFF EVIL

When one feels burdened with harmful, sinful, or malicious influences, this can serve to expel these destructive powers. Light and burn daily, repeating this small prayer as needed. **UN**

Blessed Jesus, I ask for your blessing that
I may eliminate from my life anxieties and
fears. With your help I will banish the gloom
of darkness which keeps me from walking in the
light of love and appreciation of Thy
bountiful gifts with which I have been blessed.

Keep in your closet a box large enough for a pair of shoes to fit in. **PR**
Sprinkle into this box a spoonful of the incense and scatter well. Each
evening place your shoes in this when you take them off. Shoes which
rest on this during the night will never take you into danger.

CEREMONIAL

Used for both religious and spiritual services, as well as during **ST**
seances. It is usually placed on the altar or table and lighted before the
participants gather so that all who enter are bound together toward
the common purpose of the meeting.

To increase one's clairvoyant powers, mix a few anise seed into the **PS**
incense and burn while meditating.

CHINESE LUCK

From the ancient Book of Odes, written during the reign of King Ting **PR**
between 606-586 BC, a verse reads,

It is not only here that there is this abundance;

It is not now only that there is such a time:

From of old it has been thus.

If you are searching for this blessing of plenty, copy the verse and
place it beneath a burner of this. Repeat the verse as you ignite the
incense.

CHURCH

For many blessings, burn on the altar and in the corners of the **ST**
sanctuary. This can be done before the meeting begins to insure that
all those attending will be benefited from the services.

CLEO MAY

Before going out to play any games of chance or place a wager of any **GA**
kind, burn this lucky incense to bring success to your endeavors.

CLEOPATRA

A love scent which allegedly draws and attracts, this is said to make **LO**
men slaves to the woman who adds this to her efforts designed to
captivate and bewitch a lover.

To keep two lovers together in harmony, add a few hairs from each **LO**
other's body to the incense before lighting.

COCONUT

A rather rare incense which can be used alone to provide protection **PT**
and give one strength in times of stress.

When attempting to gain control over another, mix with Devil's Master **CT**
for added power.

COME TO ME

When visitors to the home are expected, make them welcome with the fragrance of this appealing scent and the equally inviting glow of a white candle which has been anointed with the Come to Me Oil.

AT

COMMANDING

Burn to gain control over the mind of another. Best results may be obtained when the powerful incense is placed tightly in the right hand before being placed in the burner, and the names of those to be commanded are repeated nine times. After each repetition of names, add the words, "Allah Aye Allah Shimalah".

CT

COMPELLING

Burned to compel others to do your will.

CT

To find a lover, light the incense and while it burns, repeat the following chant nine times,

LO

Quick, quick, powers that be,
Send my one true love to me.
Soon, soon, come to me,
My heart awaits impatiently.

Write the names of those to be compelled on parchment and place the paper beneath the burner, calling the names seventeen times while the incense is burning.

CT

CONCENTRATION

A few quiet minutes with the aroma from this burning incense is believed to increase one's mental capacity, the thinking and reasoning abilities, and improve the memory. It is a favorite for use just before taking tests, examinations, or filling out loan applications or job resumes.

SI

To find a lost article, write the name of the missing item on paper and place it beneath the burner. Before the sun has risen three times after the ritual, the thing which has gone astray should be found or returned.

MI

CONFUSION

Used to cause confusion among one's enemies. Light the burner if an adversary comes to call and they will leave soon with a feeling of disorientation and bewilderment.

HX

To cause an unwanted neighbor to move away, mix together equal portions of this and Damnation Incense. Place beneath the burner a Crowned Serpent seal from the Sixth and Seventh Books of Moses on the back of which you have written the names of those you wish to change their address with Dragon's Blood Ink. Burn every other day until your mission is fulfilled.

PO

CONQUERING GLORY

Burn this powerful blend when faced with a special problem or a difficult decision, and you should gain the insight necessary to overcome all obstacles. Recite this chant nine times as you ignite the incense.

MI

Should I? Shouldn't I?
Do it now? Do it not?
If it's to be, let it be.
Untie the knot for me.

CONTROLLING

When used with confidence in its power it gives the user the confidence to take charge of all situations.

SI

CROSSING

To place a curse upon one who has wronged you, get a black candle to represent the foe. This can be a straight candle or one made in the shape of a human figure, choosing male or female to fit your need. Write the name of the person on parchment paper and place the slip beneath the base of the candle. In front of the candle, set the incense burner. Light the incense and then the candle with this short chant.

HX

Be sure your harm will find you out,
Will twist your head and turn you about.
Evil sent out comes back for account.

CROWN OF SUCCESS

If one wishes to bring success to any endeavor, it is well to increase the probability for advantageous results by burning this popular blend.

PO

CRUCIBLE OF COURAGE

The vibrations set up when this is lit banishes fear, eliminates anxiety, and instills courage. While the incense burns, read Psalm 23 with faith.

SI

To overcome melancholy, dress a large yellow candle with Sesame Oil and add a few drops of the same oil to the incense, mixing well. Light both candle and incense and sit quietly, reading these verses from Psalm 27.

CO

The Lord is my light and my salvation;
whom shall I fear?
The Lord is the strength of my life;
of whom shall I be afraid?
Though a host should encamp against me,
my heart shall not fear;
through war should rise against me,
in this will I be confident.

For in the time of trouble he shall hide me in his pavilion:
 in the secret of his tabernacle shall he hide me;
 he shall set me up upon a rock,
 Wait on the Lord: be of good courage,
 and he shall strengthen thine heart:
 Wait, I say, on the Lord.

DAILY

Since each day of the week is under the rule of a particular planet, it is these planetary incenses which can be used when one is seeking favorable vibrations to assist in using any day to best advantage. Check the Planetary and Astrological Incense chapter for the activities which may be most suitable for success on a particular day of the week.

Sunday	Sun
Monday	Moon
Tuesday	Mars
Wednesday	Mercury
Thursday	Jupiter
Friday	Venus
Saturday	Saturn

DAMBALLAH

Carrying the name of the Voodoo Serpent God, a symbol of the universe and one of the most important of the voodoo dieties, this has many powerful attributes. Use it to gain strength, power, and courage.

SI

DAMNATION

A crossing blend burned to hex a foe. If possible, use it in the enemy's room but, if you cannot accomplish this, an alternate method is to write the enemy's name on parchment with Dragon's Blood Ink. Around all edges of the paper, make X's so that the name is confined within the crosses. Place the paper beneath the incense burner before lighting.

HX

DEVIL TRAP

There is an ancient Assyrian design which reputedly captures evil before it can reach the possessor of this talisman, and this fragrance is dedicated to this same purpose. The fumes are intended to capture the devil before any harm intrudes into the room where this is burned. If the Devil's Trap design can be obtained and placed beneath the burner, it should intensify the powers of the ritual.

PT

DEVIL'S MASTER

Burn in the presence of the person of the opposite sex over whom you wish to gain control. If some snips of hair from the head of the object of the ritual can be mixed into the incense, success is virtually assured.

CT

DIVINE SAVIOR

One of the sacred incenses which can be used to enhance your plea for help. Place your request beneath the burner and burn daily until assistance has come. Use your own personal prayer, or this simple one.

SP

Lord, Thou knowest my needs.
Quiet my fear, take away my doubt,
and lead me toward a solution to my dilemma.
I ask this with faith in Thy bountiful goodness.

DO AS I SAY

As the name suggests, use this when you wish others to obey your instructions, carry out your suggestions, or change their minds to favor your plans.

CT

To bring magical assistance to one's aims, place beneath the burner a Seal of Magic from the Sixth and Seventh Books of Moses before the incense is lighted. Write on the reverse of the seal the objective you are seeking and, between the writing of each word, chant three times, "So be it, it be so."

WI

DOMINATION

To overpower another's objections to your plans, add nine drops of Tiger Oil and mix well. Burn while you present your intentions to the person you wish to assist you with your mission. All their defenses against you will be shattered.

PO

Reverse hexes back to the one who sent them by burning this in every room of the home once a week so that your influence is always paramount over all other forces.

HX

To disarm the troublemaker, secure a few clippings or strands of hair from that person and mix them with the incense. Burn it and toss the residue out into the wind in a southerly direction so that there will no longer be a menace to you or your home from that mischief-maker.

PO

DOUBLE ACTION

For a fast change in turning back bad luck and drawing good vibrations, burn this alongside a reversible candle.

LU

DOUBLE CROSS

A popular blend used to return evil to its rightful place. As you light the fire in a burner beneath which you have placed a Seal of Mephistophilas from the Sixth and Seventh Books of Moses, chant quickly the following.

UN

Burn the evil, burn the bad.
Bring the blessings, bring the glad.

DOVE'S BLOOD

Used to bring peace of mind, tranquility, and happiness. For more intensity, place the burner between two pink candles which have been dressed with Easy Life Oil.

PE

DRAGON'S BLOOD

A most popular blend for uncrossing, removing curses, and hexes. It is reputedly successful when many other methods have failed.

Mix into the incense five drops of Vetivert Oil before lighting to dispel all evil forces from the home or place of business.

UN

Burn before going to bed for a peaceful night's sleep with no nightmares or disturbing dreams.

PE

DRAW BACK

Place the name of the one you wish to return beneath the burner, and call their name nine times as you light the incense, chanting "Come back to me" each time the person is called. This can bring the one who has strayed within your sphere of influence. Do this daily until the mission is accomplished.

PO

DRAWING

Use in the home once a week to promote peace and tranquility.

PE

To alleviate loneliness, burn this on the altar with white altar candles, and pray sincerely this or your own simple prayer.

AT

Alone is not loneliness for I have a friend in
God who is my strength, my comforter,
and my protection.

Sit quietly and think of one other person who may also be alone. Do not ignore this part of the ritual for it is essential. When a name comes to mind, go immediately and phone, write a letter, or send a friendly greeting card to them. You will have made the first step away from your solitary state.

DREAM

For those bothered by bad dreams, burn in the bedroom just before retiring for the night. It should dispel all maleficent forces and prevent nightmares. Drift off to sleep with this calming rhyme in mind or, better, in the heart.

PE

Soothing sleep, restful sleep,
Calm and keep me till day's light.
Restful sleep, soothing sleep,
Be beside me through the night.

To see one's future husband, a lady can light this incense at bedtime and fall asleep with this ancient prayer. **LO**

Sweet St. Catherine send me a husband,
A good one, I pray,
But any one better than none,
Oh, St. Catherine, lend me thine aid,
That I may not die an old maid.

DRIVE AWAY EVIL

To negate those forces which are binding one into an evil or unhealthy situation, copy Verse 1 of Psalm 68 onto parchment and place it beneath the burner. The words are, "Let God arise, let his enemies be scattered, let them also that hate him flee before him." Burn daily until the situation improves. **UN**

EASY LIFE

The name tells it all! If you are striving for the better things in life, use it daily in the home. Confidence in yourself is the first requirement for attaining one's goals, and this should help develop the faith needed to strive for the best of everything. **SI**

EGYPTIAN

Dedicated to Osiris, the Egyptian god who conquered death, this is used to assist the dead or dying in their transition from this life to the other world. Burn in the room where the sick one lies for it is formulated to ease the journey by bringing pleasant memories into the mind along with the familiar spirits of those who accompany souls in their crossing into the new sphere. **CO**

EROS

The god of love in Greek mythology, Eros was a beautiful youth, one of the first of the gods. This is used by those who wish to arouse sensual desires in themselves or in others. **SE**

EXORCISM

Should someone seem to be possessed by the devil or evil spirits, a simple exorcising ritual is to burn this incense, and have the affected person pass the hands back and forth above the burner while all present recite an old Roman formula nine times. The phrase to be used is, "Go hence, ghosts of my ancestors." **UN**

EYE OF KNOWLEDGE

For better concentration when studying, place a container of this close by the desk or chair. This should help one focus on the material which is of most importance. **SP**

While it is usually not practicable to have burning incense nearby when taking tests, it would be well to place a small amount of the powder in a carrying bag and have it in the pocket or near the examination papers. SP

FAST LUCK

One of the most popular of all incenses, this is burned when a streak of good luck is needed in a hurry. Chant as it is lighted. LU

Lucky am I, luck is me,
By accident or by design,
Good fortune's all I see
Success in all I do is mine.

To keep the home happy and fortunate, mix in a few drops of Cinnamon Oil before burning. Use near the dining table during meals. PR

FIERY COMMAND

Sometimes called Fiery Commanding, this is a powerful fragrance which can persuade others to yield to your demands or desires.

When you wish to influence someone, light the incense and let its aroma fill the air before that person enters the room. If this is done, your plans or suggestions should be favorably received. PO

For those who wish to learn a secret from another, secure a Seal of Marbuelis from the Sixth and Seventh Books of Moses which is a design reputedly useful in fascinating others. Write on the reverse of the talisman the name of the one who has the information you want to know, and place the seal beneath the burner before lighting. Repeat the ritual daily until you have learned the secret which was being withheld from you. SP

FIRE OF LOVE

When interest has waned between two lovers, this can be burned whenever the two are together as it is formulated toward stimulating sexuality and erotic thoughts. LO

If you have met someone you would like to know better, place their name beneath a burner of this before lighting. Inscribe the name around a Seal of Love from the Sixth and Seventh Books of Moses, writing it altogether with no spaces in between, as many times as necessary so that it encircles the design. For example, the name John would be written "JohnJohnJohnJohn" all around the seal. AT

To reconcile estranged friends or lovers, copy Verse 18 from Psalm 88 onto parchment. The words are, "Lover and friend hast thou put far from me, and mine acquaintance into darkness." On the other side of the paper, write the names of those who have been separated. For those who fear they are possessed by demons, or that the devil has taken hold of their souls, a simple exorcism ceremony can be done with this combination of fragrances. Place some of the incense mixture into four burners and arrange them so that the bedeviled one stands in the center of them. Light the incenses and read the following four times, facing each incense in turn.

UN

I exorcise thee, most vile spirit. Get out and flee from this creature. Do not resist, ye cursed one, the producer of death, thief of life, root of evil, cause of discord, producer of sorrow. Yield, most wicked one, depart from this tormented one. Flee into everlasting fire which is prepared for the devil and his demons. Relinquish the grasp upon my body, relax the clutch upon my heart, desert the regions of my soul. Give place to the holy, good, and blessed thoughts which approach my mind. I expel thee, I reject thee, I dispossess thee from this moment forevermore.

Repeat the ritual daily until the possessed one is free from the grasp of evil spirits.

It is in pardoning that we are pardoned,
And it is in dying that we are born to eternal life.

Gabriel of the north, is it con or pro,
Ariel of the south, tell me yes or no.

Remove the hands from the fumes and watch them to see the direction they assume. If they seem to flow toward or away from you, the reply is yes, but if they tend to sway to your left or right, the indication is no.

A burner on each side of the crystal ball is alleged to bring images clearer as well as making their cryptic meaning more lucid and understandable. **PS**

Fortune tellers often pass the deck of cards they are using through the fumes before beginning a reading so that all others' influences are negated before a new reading is begun. **PS**

Psychics have confidence in the incense to supplement their own telepathy powers and often burn while meditating. If you have lost something, try it. Simply go to a quiet room, light the incense, sit in a comfortable chair close by, close the eyes and concentrate on the missing article. If no hint of its whereabouts comes into the mind after about ten minutes, murmur "So be it" and close the session. Repeat the ritual after at least twenty four hours have passed. **PS**

MEDITATION

Similar to Masters Incense, this is used for all spiritual work, during seances, prayer services, and during counseling sessions. It is credited with increasing one's receptiveness to psychic and spiritual forces. **PS**

MERCURY

MOJO

This has been acclaimed by many as the wishing incense. Write your desires on parchment, anoint the paper's edges with Mojo Oil, and place it under the burner before lighting.

MONEY DRAWING

One of the most popular of all incenses -- understandable since its purpose is universal -- used as an aid in gaining wealth and increasing business.

PR

To bring more customers into your store, burn this near your money box or cash register. Use daily and see how business improves.

BU

Enhance its money drawing attributes by writing on the reverse of a Seal of the Sun from the Sixth and Seventh Books of Moses the amount needed for one specific purpose. This is the seal referred to as the Seal of Honor and Wealth and used to attract plentiful gold, silver, and other life's blessings.

WE

MONEY HOUSE BLESSING

The family who uses this every Saturday should be always blessed with a bountiful table and a comfortable home.

MUSK

Heighten desire and passions wherever and whenever this is used. It is a very magnetic love fragrance, extremely powerful and most popular.

LO

MYRRH

Legend tells us that Adonis, the beautiful Greek god who was loved by Aphrodite, was born from a myrrh tree which burst its bark to let the lovely infant emerge. Myrrh is also mentioned in the Bible as one of the gifts brought by the Three Wise Men to the baby Jesus.

As one of the holy scents, it is used in purification ceremonies by those who wish to rid themselves of guilt so they can go forward clear of binding encumbrances from the past. First, take a ritual cleansing bath to release the body from any surface impurities. If you wish, one of the occult brand baths can be used, but any pure soap will serve as well. Wash the entire body, including the hair, well. Step from the tub (a shower is not recommended) and dry on a clean white towel. Do

SP

not dress, but proceed immediately to the lighting of the incense as you repeat this small prayer by the seventeenth century poet, Thomas Ken.

Lord, I my vows to Thee renew;
Disperse my sins as morning dew;
Guide my first springs of thought and will,
And with Thyself my spirit fill.

When you have gained that inner peace and confidence in the new beginning with no ties to the censurable past, dress and begin living the future which will surely be filled with many blessings.

As an aid to beauty -- and keep in mind that there is no more potent beautifier than the desire to bring joy and a smile into each room we enter -- use the incense weekly and pray this excerpt from a Thomas Moore poem.

SI

So grant me, God, from every care
And stain of passion free,
Aloft, through virtue's purer air,
To hold my course to thee!
No sin to cloud, no lure to stay
My soul, as home she springs;
Thy sunshine on her joyful way,
Thy freedom in her wings!

Considered by voodooists to be a sacred incense, it is burned before going to bed to make all dreams come true.

WI

MYSTIC RITES

To assist in the development of great spiritual strength and energy, mix into the incense some purslane herb and burn while meditating.

ST

When confused or bewildered by the event affecting your life, use this formula which is dedicated toward understanding those things which have seemed to be beyond the grasp of human comprehension. Once understanding has come, the situation can then be dealt with in a sensible and constructive manner.

PS

Use in the bedroom at night to inspire dreams which may reveal coming events.

PS

NARCISSUS

When ardor lags, this is the fragrance used to arouse sexual excitement. It is usually effective when all hope seems to be gone. Obviously the ritual must be accompanied by gentle and loving sexual play.

SE

NEPTUNE

Refer to the chapter on Planetary and Astrological Incense.

NEW ORLEANS

A famous mixture combining several elements, including making a job secure, causing a betterment in finances and money matters, and protection against jinxes.

MI

When having trouble at work, examine first the problem. Is it at least partially your fault? Have you been late checking in? Too many absences? Hanging around the snack bar after breaks? Day dreaming about the weekend instead of concentrating on the work at hand? Most employers have an investment in those who work with them, and change is expensive so they would usually rather keep the one they have than have to train someone new. If there is a problem, discuss it with the boss and see if some compromise or agreement can be worked out. After examining the situation honestly, and taking the steps necessary on your part to become a valuable asset to the business, use the incense just before leaving for work each morning, keeping the thought in mind that God brings a helping hand to those who strive earnestly.

WO

NIRVANA

A special incense formulated to heighten psychic powers, promote peace of mind, and to aid in spirit communication.

Place beneath the burner the name of a missing article, light the incense, and pray quietly this small prayer.

PS

Guide me toward that which is gone,
and return it to its proper place.

Repeat daily until the mission is accomplished.

To bring spirits to assist in various objectives, this simplified conjuration may be used.

PS

I conjure thee, oh spirit. Enter now in faith
that no hurt or harm will come to thee. I ask
for no unlawful knowledge, but only that thou
will show those things which are beneficial
and undefiled.

When you can feel the presence of the spirit, continue with your intention. A spirit can carry your message to those in the other world and, if necessary, bring back to you a reply or an answer. A spirit can help you attain your goals in this world, but for that you need to study more deeply so that you can make contact with particular spirits which may have dominion over the specific area involved in the work required. When the spirit has heard your request, it must be dismissed so that it can proceed with the mission you have assigned it. A dismissal follows.

Thou great and mighty spirit, they mayest now
depart. Peace be between us. Fare thee well.

OBEAH

Voodooists place much faith in the powers of this to increase occult powers and burn it before almost all ceremonial rites, placing burners on the altar and interspersing others among the participants. **PS**

To harm a foe, place in the center of the altar a large black candle and beneath the candle place a square of parchment on which you have written the enemy's name with Dragon's Blood ink. After writing the name, draw a circle around it and then make a large cross over the name. On each side of the candle, place a burner of the incense. Repeat the following curse after lighting first, the burner to the left; second, the burner to the right; and third, the candle in the center. **HX**

May your heart be rent asunder!

May your spine be split apart!

May your ribs be torn asunder!

May your neck and head be split open!

Refill the incense as needed so that it is kept burning until the candle is consumed.

OLIBANUM

This is the same as Frankincense, and its uses are identical. As one of the sacred fragrances, it is used to gain favor with God and the good spirits, and to receive answers to one's prayers. **RE**

ORACLE

Burn when divining the future, casting runes, questioning the Ouija Board, laying out cards, throwing dice, or using any other method in which one seeks to see or forecast coming events. **PS**

This seems to magnify one's perceptions so that communications from the other world can penetrate the obstacles between the spirits on the other side and the living who wish to receive messages. **PS**

ORIENTAL

A censer of this burning in the room will intensify feelings of love and tender feelings between those within the sphere of the fumes. **LO**

When its use is accompanied by soft music and a soothing chant as given here, the passions of a lover should be increased considerably. **LO**

Lover, lover, come to me,

I love you ever more.

Love me now, love me ever,

It is you whom I adore.

ORIENTAL JOY

Quite similar to Oriental, and with same attributes.

Use in the home to insure the tranquility of spirit desired by those who live together with mutual love and understanding of each other's flaws. **PE**

PARTING

To make separations painless, or at least less distressing, write the names of both parties on parchment. Encircle each name with a circle but do not allow the two circles to touch. In the space between the circles, write the word "love" across the paper, as many times as will fit, and with no space between each word, in this manner - lovelovelove. Place the paper beneath the burner and light the incense. Keep in mind the fact that all hurt lessens and all wounds heal in time. Until it does, fill your days with constructive work and making new friends.

CO

PASSIONATE LOVE

When burned while two friends are together, it is believed to change friends into lovers.

LO

PATCHOULI

A distinctive scent which can be used to break up love affairs. Place the names of the two you wish to be separated beneath the burner, one name on one side of the paper and the other on the reverse. Chant as you light the incense.

HX

_____ and _____ (say the names)
Upon this spell I do depend.

PEACE

Promotes harmony in the home and love within the family. Use weekly with this prayer-poem from Robert Burns.

PE

O Thou, who kindly dost provide
For every creature's want!
We bless Thee, God of nature wide,
For all Thy goodness lent:
And, if it please Thee, heavenly Guide,
May never worse be sent;
But, whether granted or denied,
Lord, bless us with content.

Quiet tempers, dissolve tensions, and calm nerves by mixing a few drops of Stay At Home Oil into the incense before lighting. Use as often as necessary until the condition improves.

PE

PEACEFUL HOME

An anonymous author wrote that the Crown of the house is Godliness, the Beauty of the house is Order, the Glory of the house is Hospitality, and the Blessing of the house is Contentment. Bring these blessings into your home by taking these lines to heart and putting them into practice, and use this incense as a reminder of the resulting harmony, peace, and tranquility which will result.

PE

PINE

Sure to bring tranquility and peace of mind wherever this is used. Be assured that no harm will come to you when you ignite this and pray sincerely.

PINEAPPLE

ST

Father, we thank Thee for the night,
And for the pleasant morning light;
For rest and food and loving care,
And all that makes the day so fair.

PLANETARY

Refer to the chapter on Planetary and Astrological Incense.

POWER

This has many attributes -- to increase wealth, bring good luck, offset hatred, and to draw friends and affection.

To gain power over others, write on parchment the names of those who you feel are dominating you. On the other side, copy this prayer.

CT

O Lord, out of the depths I cry unto thee.
Hear my voice,
and let thy ears be attentive to my supplications.
Strengthen me in my need, I beg.

Place the talisman beneath the censer before lighting the incense. Repeat the ritual daily until the objective is achieved.

When you need a specific amount of money to pay a debt, place the bill you have received beneath a green candle. Beside the candle, set the incense burner and under it place the amount of money called for. If you do not have cash, write a check for it and the check can serve as your talisman. Start the ritual on a Thursday and repeat daily for seven consecutive days. Light the candle first, then the incense, and burn for seven minutes. Extinguish the candle and incense after that time. Repeat each day for one week, and by that time you should have received enough money to pay the debt, at which time you can do so and take back the cash or check you deposited beneath the incense burner.

MO

PROSPERITY

Same uses as Wealthy Way. It is believed to attract blessings in all money affairs and business dealings. Burn whenever a change of luck is needed in financial matters.

Bring customers into one's place of business by burning in the morning before the shop is opened. Pray Psalm 8 with faith. **BU**

O Lord, our Lord, how excellent is thy name in all the earth!
who has set thy glory above the heavens.

Out of the mouth of babes and sucklings hast thou ordained strength because of thine enemies, that thou mightest still the enemy and the avenger.

When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained;
what is man, that thou art mindful of him? and the son of man, that thou visitest him?

For thou hast made him a little lower than the angels, and hast crowned him with glory and honor.

Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet.

all sheep and oxen, yea, and the beasts of the field;
the fowl of the air, and the fish of the sea, and whatsoever passeth through the paths of the seas.

O Lord our Lord, how excellent is thy name in all the earth!

PROTECTION

Considered to be an impregnable shield from all harm when it is used daily. Accompany the lighting with this prayer to St. Michael. **PT**

O Glorious St. Michael, Archangel,

I beseech you to fight against those who fight me;

war against those who make war upon me.

Take up the sword and shield and rise up in my defense.

Block the way in the face of my pursuers.

Let those be turned back who plot evil against me.

To gain confidence, and revitalize one's life, mix a few drops of Rue Oil into the incense before burning. Keep in mind always that every living thing is either growing or dying -- keep reaching out, learning, experiencing, loving, for those are the things which keep us growing all of our lives. **SI**

RADIANT HEALTH

If a recovery from ill health is needed, write out the following plea and place it under the censer before lighting the incense. Burn daily until the blessing of good health is restored. **HE**

Merciful God, hear my appeal. Fold me in your arms, ward off my fears, soothe my pains, and guard me against despair. Show me the path I need to take to effect a return to well being.

Strengthen me, and bless me, I ask with faith and confidence.

Follow the instructions of your physician just as faithfully as you pray, and restoration to natural good health should soon result.

REPELLING

Should unwelcome visitors come to visit, their stay will be shortened if this is burned. **HX**

Remove hence to yonder place, and it shall remove;
and nothing shall be impossible unto you.

When a loved one has been lost, it is a time for sorrow, but there soon comes a time to go on with this life as best we can. A short period spent within the atmosphere of this comforting fragrance while reading Ecclesiastes III, Verses 1 through 6, can bring great comfort and solace.

CO

To every thing there is a season, and a time to every purpose under the heaven:
A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted;
A time to kill, and a time to heal; a time to break down, and a time to build up;
A time to weep, and a time to laugh; a time to mourn, and a time to dance;
A time to cast away stones, and a time to gather stones together;
A time to embrace, and a time to refrain from embracing;
A time to get, and a time to lose; a time to keep, and a time to cast away;
A time to rend, and a time to sew; a time to keep silence, and a time to speak;
A time to love, and a time to hate; a time of war, and a time of peace.

If beset with adversity, gather the inner resources with which we have been blessed by using the incense while meditating on the thought that it is through pain that we learn to appreciate pleasure just as through darkness we realize the value of light.

CO

RUN DEVIL RUN

A powerful formula combined of several fragrances which together can turn away all evil, hexes, and crossed conditions.

and the lives of those I love.
Bless my request. Help me, I pray.

ST. MARY MAGDALENE

One of the Bible's unsolved mysteries is the identity of Mary Magdalene who anointed the feet of Jesus with kisses, tears, and perfume, then dried them with her hair. Jesus raised her up, saying, "Thy faith has saved thee, go in peace." The story proves that, even if she were the harlot, all things are possible through faith. The burning of this incense can remind one that the powers of faith are available to all those who choose it.

RE

ST. MICHAEL

When tempted, light the incense and pray devoutly.

SI

Amen

SANDALWOOD

In the Bible the algum tree (believed to be the source of red sandalwood) is spoken of as a valuable exotic product imported to Palestine by Hiram's and Solomon's fleets. Today's white sandalwood comes from several tropical evergreen trees native to India. Sandalwood is one of the sacred fragrances and is used in Buddhist religious ceremonies and funeral rites. The body of the deceased is placed upon a sandalwood pyre which is then lighted. Their faith is that burning of the body releases the soul for reunion with the other world.

Sandalwood is used as an aid to concentrated contemplation and deeper meditation.

ULYSSES

Dedicated to the famous king of Ithaca who was so endeared to his wife, Penelope, that he feigned madness to escape going to the Trojan war. His subterfuge was discovered and he had to go, but he remained faithful to Penelope even when he was thrown on an enchanted island where he was exposed to the wiles of the enchantress Circe.

Hence, it has two purposes of equal effectiveness. It is used by both men and women who wish to resist the temptation to infidelity, and also by those who strive to emerge successful from the battles of life. **MI**

I will keep watch over thee.

Sleep, little one, sleep for me.

It has long been accepted that the family who prays together stays together. Bring your family together by use of this and your own personal, or the following, prayer. Gather all members together each morning or evening, light the incense, join hands in a circle, and ask for divine help in your lives. **RE**

Bestow upon us, God, the gift of communion with Thee and with each other. We ask for guidance in our daily life so that we may live together in love and in peace. Amen.

URANUS

Refer to the chapter on Planetary and Astrological Incense.

VAN VAN

One of the most popular of all occult incenses and has many and varied attributes.

To conquer one who has made you suffer, burn this alongside a **PO** reversible candle. Dress the candle with Van Van Oil and place beneath it a square of parchment on which you have written the enemy's name. Beneath the burner of incense, place a paper with your name inscribed on it. Light first the candle, then the incense. Allow the candle to burn until consumed, replenishing the incense as necessary so that it will continue burning until after the candle has burned out.

When looking for work, burn this before leaving home to go for **WO** interviews as it can increase one's chances of success in this area.

For good luck in all things, use the incense in the home each month on **LU** the evening of the new moon's rising, and say this prayer taken from Marie Laveau's Black and White Magic book.

Oh good Lord make me stout of heart.

Oh good Lord let my sight penetrate the innermost things.

Oh good Lord give me power to speak.

Oh good Lord let my words be harkened to.

Oh good Lord drive the evil spirit from me.

Oh good Lord give me success.

Oh good Lord let me hold all of these things into this bag.

Oh good Lord never leave me.

Carry with you at all times your conjure bag into which you have placed your personal charms, along with a Seal of Jesus of God from the Sixth and Seventh Books of Moses which is designed to give divine protection, conquer any obstacles, and help one achieve victory in one's pursuits.

VANILLA

Good company, good times, and good fortune will abound where this **MI** is used.

VENUS

Refer to the chapter on Planetary and Astrological Incense.

VICTORY OVER EVIL

To be free from all enemies, burn this each Sunday evening and pray sincerely Psalm 100. No serious harm will come to the one who uses this ritual weekly.

UN

Make a joyful noise unto the Lord, all ye lands.

Serve the Lord with gladness: come before his presence with singing.

Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture.

Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name.

For the Lord is good; his mercy is everlasting; and his truth endureth to all generations.

VIRGIN MARY

Use this along with your petition for favors from the Blessed Virgin. Place your request beneath the burner, and pray as you light the incense.

RE

Hail Mary, full of grace, the Lord is with Thee.

Blessed art thou amongst women,

and blessed is the fruit of thy womb, Jesus.

Holy Mary, Mother of God,

pray for us sinners now and at the hour of our death.

Amen.

Use daily for nine consecutive days, or until the request has been fulfilled.

VIRGIN OF CARMEL

For special protection, burn this incense and pray with faith.

PT

O Blessed Virgin, look down in kindness

and cover me with thy mantle of special protection.

Strengthen my weakness, enlighten my mind,
and increase my faith.

Assist me with thy most amiable presence that

I may eternally bless and praise thee in Heaven.

Amen.

VIRGO

For those born between August 23 and September 22, see the chapter on Planetary and Astrological Incense.

VISION

To help divine the future and foretell coming events, anoint the forehead with the Vision Oil, burn the incense, and meditate quietly.

PS

VOLUPTAS

Formulated as a tribute to the daughter of Cupid and Psyche, Voluptas was the Roman goddess of sensual pleasure and delight. This is a truly delightful fragrance which will almost surely enhance sensuous feelings between lovers.

LO

VOODOO

For magical help in asking special favors, burn at midnight, and chant.

WI

Voodoo, whoodoo,
Youdoo, this doo,
(state your request)
Voodoo, nowdoo,
Hoodoo, this doo.

To bring distress to a foe, write the enemy's name on paper and place the talisman beneath the burner. Chant the following African chant nine times quickly as the incense is lighted.

HX

A large pain, a great pain,
A small pain, a big pain!
Growing there and growing here,
Growing slowly everywhere!

WEALTHY WAY

Bring blessings in money matters by writing the amount of money needed on parchment and placing the paper beneath the burner. Chant the following as you light the incense.

MO

Money, money, money
Come my way.
Money, money, money
Come today.

If the amount is large or the need is urgent, add a few drops of Almond Oil to the incense before burning for added force.

WEDNESDAY

Under the rule of Mercury. Use for any appropriate purpose or objective which is under the influence of this planet. Refer to the Planetary and Astrological Incense chapter.

WEED OF MISFORTUNE

Change the negative influences surrounding you into the positive circumstances you deserve by using this daily in the home. As the malicious powers are pushed out of the premises, the benevolent spirits are drawn in with their favorable auras ready to serve those who seek to advance the cause of good and justice.

UN

WICCA

A ritual blend used by those who practice witchcraft as a religion. At many such services, the incense is placed on the altar along with the other tools of the Craft, and burned to dedicate wiccan rites to the goddess of the witches. She has had so many names that she is now often called the Nameless One.

SP

WINNERS

An excellent blend for prevailing against the negative and enhancing the positive influences with which we met every day.

To insure a pleasant, profitable, and productive day, use every morning upon arising and say this prayer as you ignite the incense.

PT

Bless this day to bring good in all ways.

I am grateful for the power to achieve

that which I seek, and for the will to

accomplish that which lies before me.

WINNING NUMBER

'Tis far better to win a little than lose a lot . . . and even better to win a lot than lose any at all, right? Then why not try to increase your chances of harvesting the rewards you surely deserve by using this on any appropriate occasion. Chant this rhyme as you light the burner.

GA

Number, number, lucky be

Money, money, I do see.

Lucky, lucky, I am today.

Money, money, come my way.

WISDOM

When searching for truth and enlightenment, try this formula and use while meditating on Proverbs 22:17:

GU

Bow down thine ear, and hear the words of the wise,

And apply thine heart unto my knowledge.

Guidance or answers should come to help with the problem or decision to be made.

If faced with a difficult dilemma, the use of this and a portion of Psalm 119 can assist. First, review the problem in the mind or, if helpful, write on paper the pros and cons of the situation. After the entire picture is clear and all possible solutions have been considered, sit in a comfortable chair and light the incense. Meditate on Verses 97 through 104 from Psalm 119 alternately with the dilemma until an acceptable decision comes to mind.

GU

O how love I thy law! It is my meditation all the day.

Thou through thy commandments hast made me wiser than mine enemies: for they are ever with me.

I have more understanding than all my teachers: for thy testimonies are my meditation.

I understand more than the ancients, because I keep thy precepts.

I have refrained my feet from every evil way, that I might keep thy word.

I have not departed from thy judgments: for thou hast taught me.

How sweet are thy words unto my taste! yea, sweeter than honey to my mouth.

Through thy precepts I get understanding: therefore I hate very false way.

WISHING

Same uses as Mojo.

WISTERIA

Induce good vibrations into the home by burning this once a week. **MI**

To insure the success of a party, burn this just before guests arrive. It always serves to lift the spirits and encourage gaiety. **MI**

WOLF'S BLOOD

Same qualities as Wolf's Eye.

WOLF'S EYE

An extra-strength concoction which can set up a shield of security against the spells sent out against one by others, for its daily use will turn back all dangers. **PT**

WOLF'S HEART

When the time comes to make those hard decisions, write out the problem briefly and place the paper beneath a burner containing this mighty formula. Burn daily until the issue is resolved, and be fortified by St. Theresa of Avila's philosophy. **GU**

Let nothing disturb thee,
Let nothing affright thee.
All things are passing.
God never changes.
Patience gains all things.
Who has God wants nothing.
God alone suffices.

Use as needed to muster resolve and strength to meet barriers placed in one's path. It will help you to meet the situation with calm and determination to continue the struggle for what you believe needs to be done for your own good. **PO**

YEW

Since antiquity this has been associated with death and funeral rites. Ease the pain of mourning by burning in the room where the deceased rests until the services are concluded. Use this poem of Samuel Longfellow for comfort. **CO**

I look to Thee in every need,
And never look in vain;
I feel Thy touch, Eternal Love,
And all is well again:
The thought of Thee is mightier far
Than sin and pain and sorrow are.

YOGA

Try this mystical blend to gain total liberation as it is an aid toward acquiring bodily or mental control and spiritual well-being. **SI**

ZODIAC

See the chapter on Astrological and Planetary incenses but, if you are not using your own special astrological fragrance, this mixture should attract beneficial influences as it is a blend of all twelve zodiacal scents.

ASTROLOGICAL and PLANETARY INCENSES

By referring to the Planetary Hours Guide, you will find that each hour of every day is ruled by a particular planetary force. Use that chart if you wish to take advantage of the astrological influences which may help you attain your goals. This chapter will give you some of the attributes of the various planets, and various information about each of the astrological signs.

As in all other rituals, the incense is burned to attract occult or spiritual energies to add to your own efforts toward accomplishing your objective -- take advantage of them by using the powers of the stars during specific periods.

THE GREAT STAR GUIDE

PLANETARY SPHERES OF INFLUENCE

JUPITER, Ruler of Thursday

The sky god of Roman mythology and religion, Jupiter was the guardian of honor, protector of oaths, treaties, and marriage. He determined human affairs and was invoked in all undertakings, sending omens which were known as Jupiter's messengers. The beginnings of periods of time were sacred to him, and the time of the full moon (the ides of every month) were dedicated to him.

The planet Jupiter rules business and trading of every kind, investments, banking, and transactions with bank officials. All ceremonies of a religious, spiritual, devotional, or philanthropic purposes where the intent is to help oneself or others fall within Jupiter's sphere of influence. Legal affairs, litigation, and court cases are also under his rule.

Jupiter affects expansion and enlargement, moral and religious aspirations, and harmony in all phases of life.

Jupiter can bring favor to these intentions:

- Acquire honors
- Accumulate wealth
- Assist in legal affairs
- Assure visions
- Buy or sell real estate
- Gain health
- Gain tranquility of mind
- Have good luck
- Make friendship
- Protect from all dangers
- Restore peace of mind
- Win court cases

Use the planetary incense if your purpose falls within any of the fields controlled by Jupiter's astral forces, particularly on his ruling day, Thursday, or during his ruling hours on any other day.

MARS, Ruler of Tuesday

The most Roman of the gods, Mars was believed to be the son of Juno, conceived through a mystical union with a fabulous flower. He was husband of Rhea Silvia, and father of Romulus and Remus. He lived in forests and in the mountains, presiding over the well-being of cattle, protecting agriculture and animals. The woodpecker, horse, and wolf were sacred to him. He was the god of Spring long before his warrior functions supplanted his peaceful duties and he became the god of war and battle. His appearance on the battlefield struck terror in the enemy.

Mars can bring favor to these intentions:

- Cause enmity
- Disrupt friendships
- Increase courage
- Succeed in the military
- Overthrow enemies
- Wound others

Mars rules Tuesday and can assist in acquiring bravery, overthrowing enemies, obtaining military honors, instill courage and determination, and bring hostility amongst one's adversaries, as well as summoning souls from hell.

Use the planetary incense if your objective falls within any of the fields controlled by Mars' astral forces, particularly on its ruling day, Tuesday, or during his ruling hours on any other day.

MERCURY, Ruler of Wednesday

The son of Jupiter and Maia, Mercury was the messenger of the gods, reputedly the inventor of weights and measures. He was also known as a cunning thief -- stealing the girdle of Venus, the bow and arrow of Apollo, the spear of Neptune, and the tools of Vulcan. Because of these feats, Mercury was therefore called the God of Thieves. He was also the conductor of souls to Hades. With so many and diverse attributes, he can be called upon frequently to assist in one's purpose.

A burner of this incense in the room where death occurs can ease the passage of the soul onto the other world gently.

If you must do something which you do not wish to be discovered, prevent detection by keeping a container of this lighted while at the deed you want kept secret.

Mercury rules over the printed word and is, therefore, a great favorite with writers and poets. Burn the incense to inspire a facility with words.

When sending a letter, pass it through the fumes after it is written and sealed as this will encourage the recipient to accept your message favorably.

Mercury can bring favor to these intentions:

- Acquire understanding
- Converse with spirits
- Influence others
- Know the future
- Open locked or closed doors
- Pass tests
- Settle quarrels
- Succeed in the theatre
- Success in business

Use the planetary incense when your purpose falls within any of the fields controlled by Mercury's astral forces, particularly on its ruling day, Wednesday, or during its ruling hours on any other day.

MOON, Ruler of Monday

The symbolism of the moon is vast, varied, and very complex. The gods and goddesses were numerous -- Sin, Thoth, Diana, Artemis, Hathor, Aah, Khons, Varuna, and more.

Monday is ruled by the moon and is a favorite day for reconciliations, settling quarrels, and solving domestic problems. The moon's phases are important in the growing of plants and in farming.

Obtain answers while asleep by placing your question or problem beneath a burner of this in the bedroom before retiring.

Since it is within the sphere of influence of the moon to bring rain, burn this during a drought. Place beneath the burner a Table of the Moon, a square of nine, numbers 1 to 81. Each of the columns and lines add to 369, and the total of all is 3,321.

If you are estranged from the one you love, burn this while you write a letter or telephone that person. Speak to them sincerely, from the heart, and you may be received kindly.

The Moon can bring favor to these intentions:

- Astral travel
- Bring rain
- Cause reconciliations
- Insure safe travel
- Protection in all areas
- Receive answers in dreams
- Recover stolen property
- Shield children

Use the planetary incense when your objective falls within the sphere of the moon's influence, particularly on its ruling day, Monday, or during its ruling hours on any other day.

NEPTUNE

In Roman mythology Neptune was the god of the sea. Originally he was a diety of heaven, that is, the god of clouds and of rain. Later he became god of fresh and fertilizing water. Finally, he was relegated to the sea and a symbol of the negative aspect of the spirit. King of the deeps of the subconscious, he unleashes the passions of the soul and the turbulent waters of life.

The planet Neptune is eighth in order from the sun, or about 2,794 million miles away! It is ruler of sea travel, bathing, premonitions, seances, spiritual experiences, classical music, and divination of all kinds.

When scrying the crystal ball, burn this incense so that the images will come forth more clearly.

Pass the cards through the fumes before laying out the spread which the reader prefers.

PLUTO

In Greek mythology, Pluto, son of Cronus and Rhea, was god of the underworld, also called Hades. After the fall of the Titans, Pluto and his brothers, Zeus and Poseidon, divided the universe. Pluto was awarded everything underground. There he ruled over Hades with his Queen Persephone, and was god of the earth's fertility and of the dead.

The planet is the long missing one, only identified in 1933. It is the ninth most distant from the sun, over three and a half billion miles away, and it passes inside the orbit of Neptune when it makes its orbit about every two hundred and forty eight years!

The incense dedicated to Pluto might be used to assist in easing the souls in hell. Write the names of those you wish to hear your prayer, place the paper beneath the burner, light the incense, and pray.

Lord, have mercy,
Christ, have mercy,
God the Father of heaven, have mercy on the souls
of the departed.
All ye saints of God, be merciful.
O Lord, deliver them.
From thy wrath, From the power of the devil,
From cruel flames, From intolerable cold,
From horrible darkness,
From dreadful weeping and wailing.

SATURN, Ruler of Saturday

In ancient Roman religion Saturn was god of agriculture, thought to have been a god at the time of Janus. He was father of Jupiter, Pluto, Neptune, and Juno, and Saturday is Saturn's day.

The planet relates to endurance and reserve. It strengthens the capacity to perform jobs or to carry out one's responsibilities. Its influences are favorable for politicians, political activity, and for developing or increasing business.

Saturday night is the most propitious time for contacting souls in the other world. Light the incense to begin the communion service as it is inviting to those who may wish to reach you with a message.

Saturn can bring favor to these intentions:

Acquire knowledge
Guard home and possessions
Help with examinations
Impose your will on others
Increase business
Learn occult secrets
Master astral world knowledge
Perform experiments
Sow seeds of discontent
Success in business

Use the planetary incense when your purpose falls within the sphere controlled by Saturn's influence, particularly on its ruling day, Saturday, or during its ruling hours on any other day.

SUN, Ruler of Sunday

Of all the heavenly bodies, the sun has commanded the widest and greatest interest. In the accounts of the origin and descent of the gods, the Sun appears as the direct son and heart of the god of heaven. . . seeing all, knowing all. In Egyptian mythology, Ra was the sovereign lord of the sky. He was born each morning as a child, grew until midday, and then declined to die each night as an old man.

The attributes of the sun are to promote good health, create confidence in one's abilities, and draw out the qualities of leadership, dominance, and supremacy.

Sunday, the day ruled by the sun, should be used in preparation for a peaceful and fruitful week ahead. Pray this as the incense is lighted.

Bless this day, bless this week,
Guide my way for I am weak.
Look down on me from high above,
Protect me and those I love.

Should you feel insecure or discouraged, build your confidence by using the incense and meditating on this passage from Matthew 6, Verses 28-30.

Consider the lilies of the field, how they grow;
they toil not, neither do they spin;
And yet I say unto you, that even Solomon in
all his glory was not arrayed like one of these.
Wherefore, if God so clothe the grass of the field;
which today is, and tomorrow is cast into the oven,
shall he not much more clothe you,
O ye of little faith?

Invocation to the sun, according to the magical treatise Agrusadapariksay.

Thou art the Sun! Thou art the Eye of Brahma, the Eye of Vishnu, the Eye of Siva: in the morning, at noon, and at night. More precious than anything else, thou art a Jewel of Jewels, priceless watcher over all, hanging in the sky. This is thy power: fertilizer of life, yardstick of Time itself -- of days, nights, weeks, years, seasons -- all Time. Of all the planets thou art the leader, the most high. Destroyer of darkness, power extending over uncounted millions of miles, golden chariot of the universe, accept my adoration!

Sun can bring favor to these intentions:

Achieve fame
Acquire money
Attract good fortune
Bring peace
Create harmony
Dissolve hostility
Free oneself from prison
Instill hope

Invite friendships
Obtain favors from others
Prevent war
Provide invisibility
Recover lost property
Regain youth

Use the planetary incense when your objective falls within the sphere of the Sun's influence, particularly on its ruling day, Sunday, or during its ruling hours on any other day.

URANUS

The planet seventh in order from the sun, Uranus rules everything done toward advancement -- research, inventions, telepathy, radio, aviation, photography, occultism, electronics, and any concentrated mental effort directed toward new ideas or projects.

This incense can provided the inspiration needed to fulfill that long dormant dream which has been pushed further and further away by the daily effort just to get through the routine of working, eating, sleeping. If, as you read this, you are pausing to remember an ambition from your youth which has not yet been accomplished, begin again to make plans to rekindle the flame. **GO FOR IT!** Today really is the first day of the rest of your life, and you may as well live it for yourself. Take to heart this verse from Dryden's imitation of Horace.

Happy the man, and happy he alone,
He who can call to-day his own;
He who, secure within, can say,
Tomorrow, do thy worst, for I have liv'd today.

VENUS, Ruler of Friday

The planet Venus is related to the goddess of love. Its spiritual significance has two aspects, that of sacred or divine love and mere sexual attraction. Other activities which fall under its rule are entertaining, peacemaking, healing, charity, travel, and social occasions of all kinds. Its ruling day is Friday.

For a safe and pleasant trip, begin your journey on a Friday and use incense in your room daily.

Venus can bring favor to these intentions:

Acquire beauty
Attain love
Bring joy to any undertaking
Encourage friendship
Expand creativity
Gratify lust
Insure pleasure

Use the planetary incense when your objective falls within the sphere of Venus' influence, particularly on its ruling day, Friday, or during this planet's ruling hours on any other day.

PLANETARY HOURS GUIDE

The astrological day begins at the moment of local sunrise and the first hour is ruled by the planet which rules the day. Succeeding hours are ruled by the planets in a definite order — Saturn, Jupiter, Mars, Sun, Venus, Mercury, Moon. Thus, Sunday's first hour from sunrise is ruled by the Sun, the second by Venus, the third by Mercury, etc. With the chart below, and the knowledge of the time of sunrise (your local library, newspaper, or an almanac can tell you) it is simple to find the ruling planet for each succeeding hour. Since sunrise varies according to geographical location and time of the year, it is impossible to give an accurate chart which simply says 6:00 AM, 3:00 PM, etc.

Avail yourself of planetary influences whenever possible. The ultimate in astrological assistance would be to begin a love spell on Friday (ruled by Venus) at the 1st, 8th, 15th, or 22nd hour after sunrise (since all these hours are also ruled by Venus). If Venus' day, Friday, is impracticable, start the spell at any other day's Venus hours - for instance, on Wednesday at the 7th, 14th or 21st hour after sunrise.

POWDERS

This section covers those popular "powders" or sachets so widely used in magical practice, but are relatively unfamiliar to those outside the craft. However, they are of particular significance to those who practice the voodoo tradition.

Powders are used in a variety of ways. They can be sprinkled on seals, objects, talismans, or people. They can be rubbed into special parts of the body in an attempt to gain certain objectives. They are often kept in the home to attract or repel specific aims. They are included in conjure bags, buried with charms, added to spell ritual ingredients to enhance the effects, or blown in specified directions for singular purposes.

Also included with the powders are the salts, sands, and a few other odd elements which deserve treatment as they are so often neglected entirely in other writings.

POWDERS

ADAM and EVE

Formulated to bring two persons together -- in body, mind, an spirit -- when sprinkled onto and rubbed into the wrists, waistline, and ankles. **LO**

AFRICAN JU JU

Add a pinch to Voodoo Incense and burn the mixture nightly for nine evenings. Beneath the burner, place a piece of parchment on which you have written, "I curse you (name of enemy)" with Dragon's Blood Ink. After the ninth night, burn the paper also, and your foe should bother you no longer. **HX**

ALGIERS

A powerful Louisiana love sachet. Place in the drawer with lingerie or other undergarments. Or apply to the body before meetings with one's lover. **LO**

ALL SAINTS

Use on the body, and sprinkle on the altar when doing any psychic work so that the good spirits will assist in the endeavor. A suitable prayer to recite before work begins is the following. **ST**

We give thanks, O Lord
for all saints and servants of thine who have done
justly,
loved mercy, and walked humbly with their God.
For all the high and holy ones, who have wrought
wonders and gained great fame, we thank Thee.
For all the meek and lowly ones, who have earnestly
sought Thee in darkness,
and held fast their faith in trial,
and done good to all men as they had opportunity,
we thank Thee.
As they have comforted and upheld our souls,
grant us grace to follow in their steps,
and at last to share with them in the inheritance
of the saints in light. Amen.

ALTAR

Sprinkle onto the bottom of the incense burner when you use the Temple Incense to enhance spiritual vibrations and fortify prayer requests which should be placed beneath the burner.

ST

ANCIENT WISDOM

Keep an open jar of this near, especially when reading or studying. It assists in concentration, helping to absorb the material being read, and clearing any confusion or addled thoughts in the mind.

SP

ANGEL

The use of this should bring one of those divine agents, your own guardian angel, to guide you in your objectives. Until you have selected your personal saint, just use the prayer without the last part of the first line.

GU

My guardian angel, Blessed Saint (name)
I honor and love you as my special friend.
Be with me at my side to guard and care for me,
and guide me as I go about my life this day.

ANGEL SAND

This is a protective agent which is sprinkled across entrances to invite the heavenly spirits to enter with their beneficial rays. Do this once a week for constant security.

PT

ANGER

Sprinkle around a room to overcome feeling of irritation or rage. Helps avert arguments, and cleanses the mind of all vicious thoughts.

SI

It will turn away the wrath of the most venomous foe when their hand is touched by yours which has been anointed with this.

PT

ARROWROOT

Mix a pinch of this with any other powders being used to insure that the dissipating influences are negated so that the mixture is kept directed toward the purpose for which it is intended.

SP

AS YOU PLEASE

When sprinkled on the ground in the path of a straying lover, it should cause the wandering one to return.

AT

To insure a favorable answer to requests or invitations, place a bit inside the envelope in which the letter is mailed.

SP

ATTRACTION

Apply to the body after bathing to help develop happiness, to gain friends, or to excite the passions of a lover.

MI

It is also used to draw financial gains when money is anointed with it.

MO

BANISHING

When it is desired that another person be removed from your home or from your life, the mission can sometimes be accomplished with no further effort than to secrete a bit of this powder in the shoes of the one you want to leave.

PO

BASIL

Sprinkle across the doorway of one's business to attract customers, and across the threshold of one's home to entice visitors. It is believed that only good and friendly persons will enter, for it allegedly can repel those who intend harm toward the owners of the business or the occupants of a house.

AT

BAT'S BLOOD

One of the hexing -- or more correctly unhexing -- powders. It is generally used by sprinkling in the pathway of the one who has attempted harm, as walking on it is believed to drain the fire from the heart of one who has evil intentions, causing the person to become docile and placid.

HX

BAT'S HEART

If one suspects a lover of being unfaithful, sprinkle the deceiver's clothes with this during the period of the waning moon. Before the next full moon, the illicit affair should be at an end.

SE

When going to the race track, a powerful charm for gambling luck is made with a Black Cat Bone in a red flannel bag. The bone should be sprinkled liberally with this powder just before the bag is closed. Carry the bag in the same pocket as the money which you are going to wager.

GA

BAYBERRY

When you have a house, room, or apartment to rent, sprinkle a bit in the corners of each room just before prospective tenants come to view the premises. When this is done, the property is almost sure to be leased quickly.

SP

BEND OVER

Use as a talcum on the body. It helps influence others to bend toward your will and desires.

PO

BENEFICIAL DREAM

Just before retiring, rub a bit around the neck and on the forehead. This should dispel any bad dreams or nightmares and assure a peaceful night's sleep. The following prayer by Thomas a' Kempis will bring added comfort.

SP

Grant to me above all things that can be desired, to rest in Thee,

and in Thee to have my heart at peace.

Thou art the true peace of the heart, Thou its only rest; out of Thee all things are hard and restless.

In this very peace, that is, in Thee,

the One Chiefest Eternal Good, I will sleep and rest.

BIBLE

When reading or studying scripture, anoint the page lightly with this before beginning to gain understanding of the meaning of the sacred writings.

RE

BINDING

Should you wish to tie another in a close manner, write the other person's name on paper. Place the paper on a piece of your clothing, and sprinkle over it liberally with the sachet. Wrap the garment around the paper and keep it in a secret place. Repeat the ritual daily and the object of the ritual should remain close.

AT

BLACK ARTS

To cross or hex others, sprinkle in the path the enemy will take so that your foe will walk on it.

HX

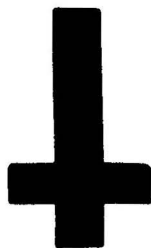

To make a pact with the devil, rub this over the body and then write out and sign the following vow. Seal the pact by rubbing the powder into the four corners of the pact in the form of an upside-down Christian cross shape, as depicted below. A satanic cross has the longer leg of the center line above the crossbar rather than below as does a Christian cross, with the crossbar being placed about three quarters down the center line.

SP

O Lucifer, my Lord and Master, I own you for my God; I promise to serve you while I live, and from this hour I renounce all other gods and Jesus Christ and Mary and all saints of Heaven and the Catholic, Apostolic, and Roman Church, and all the goodwill thereof and the prayers which might be made for me. I promise to adore you and do you homage at least three times a day and to do the most evil that I can and to lead into evil as many persons as shall be possible to me, and heartily I renounce the Chism, Baptism, and all the merits of Jesus Christ; and, in case I should desire to change, I give you my body and soul, and my life as holding it from you, having dedicated it forever without any will to repent.

I promise great Satan to repay him in twenty years for all he shall give me.

In witness whereof I have signed.

BLACK CAT

Protects from hexes when sprinkled across the front doorway on the outside of the house.

PT

Place a pinch in a bag with a Black Cat Bone to intensify its attributes for luck.

LU

BLACK CROSS

A jinx breaker when sprinkled at all entryways every seven days. As the powder is scattered, chant at each spot three times.

UN

Demon, devil, begone from here,
Darken my abode no more.

This can act as a hexing agent when combined with a bat heart, a cat eye, and a piece of coon bone. Place the three talismans on a piece of black cloth, sprinkle them liberally with the powder, and then wrap all together. Tie the parcel securely with black cord or thread, tagging it with the enemy's name. Bury the package as near the foe's property as possible, preferably where he or she will walk over it as they come and go from home.

HX

BLACK DEVIL

May the demons seize one another.
The propitious demon, the propitious giant,
may they penetrate his body.
Spirit of the heavens, conjure it!
Spirit of the earth, conjure it!

BLACK MAGIC

When held in the palm of the hand and blown outward while standing in one's doorway, it can repel or neutralize all harmful influences in the vicinity. Do this regularly, preferably each Sunday morning, and be free from mischievous spirits all week long.

UN

BLACK MUS

This was probably originally musk, but the genuine musk powder is difficult to obtain and quite expensive so the "mus" has been adopted as a satisfactory substitute.

One use is to mix the powder with the nail clippings of someone you wish to leave you alone. Dig a hole in the ground and place the charm in it. Cover it with dirt and wet the spot down daily for seven days. This should discourage that person from bothering you again.

HX

BLESSED

Before any spiritual service, sprinkle this on the altar and pray this prayer for blessings.

ST

O gracious Father, bring Thy great gifts to us this day. Comfort the sad and weary. Strengthen the weak and infirm. Renew the faith of the wavering. Guide us all toward unity with Thy purposes for us.

Use on the body before private meditation or prayers as a symbol of one's sincere intentions for spiritual benefits and holy blessings.

ST

BLESSING

Very similar to Blessed. This is used to anoint the altar as well as any other equipment or paraphernalia used such as candle holders, incense burners, or communion trays. If the service is more of a magical intent, the powder is employed in anointing the bell, the crystal ball, the athame, the gong, flowers, or any other tools appropriate to the object of the meeting.

ST

BLESSING SALT

Mix with Holy Water and shake well. Keep in the home and sprinkle at all entrances once a week, preferably every Sunday, so the premises will be always ready and inviting to sacred spirits.

Repeat daily until the situation is improved.

BRIGHT AURA

To enhance one's invisible emanation, it is helpful to lightly apply this all around the neck and throat area.

PS

BRIMSTONE

This is sulfur (also spelled sulphur) and, probably because of its frequent association with the fires of hell, it is burned to drive away evil influences. The foul smelling odor may drive away everything in the vicinity!

UN

To purify the premises, mix with House Blessing Incense to increase its potency.

UN

BUSINESS

To attract customers and increase trade, sprinkle around the front of your place of business each morning when you open the doors, and make a little path of it right up to the cash register or money drawer.

BU

CANDLE

An anointing powder used to dedicate candles to be burned in rituals. Consecrate the candle by sprinkling the powder over it as you repeat seven times.

ST

Bless this candle, Bless its fire,

You must not love another.
Now you're caught between,
Return to me or smother.

Close the jar tightly and put away. Repeat the ritual daily, adding powder onto the image each time, until the result you want is accomplished.

CLEOPATRA

Queen of Egypt, Cleopatra is one of the great romantic heroines of all time. At the age of seventeen, she married her younger brother and led a revolt against another brother. With the aid of Julius Caesar, she won the kingdom. Her husband-brother was accidentally drowned in the Nile so she married another brother. At the same time she was mistress to Caesar so she left her husband for Rome with Caesar. After he was murdered, Cleopatra returned to Egypt where she was visited by Marc Antony. He fell madly in love and they were married. Most of the Romans feared and hated Cleopatra so they attacked the lovers. Defeated, Antony and Cleopatra both committed suicide. Her schemes failed, but her charm and ambition has left a great impression on history.

For those who wish to attract great love, particularly from those of fame, wealth, or prominence, each day put some of the sachet on the pubic hairs of your body. Also, sprinkle a bit at the four corners of the sheet on your bed. **LO**

EXORCISM

In 1626 a 1,232 page book titled Thesaurus Exorcismorum was published containing exorcisms for nearly every possible eventuality -- against various illnesses, the drying up of cows, succubus and incubus demons, evil spirits in the home, fascination and satani witchcraft, and noxious pests such as locusts and caterpillars. While most Protestant churches do not give credence to the theory of possession, the Roman Catholic Church still practices the service of exorcism.

Should you be suffering with the fear of satanic influences, try this on the throat, neck, and forehead. As you apply the powder, pray Psalm 54 given below. This is included in the Order of Exorcism from the 17th Century Thesaurus Exorcismorum. Repeat the ritual once a week to maintain your liberation from the forces of the devil. **UN**

Save me, O God, by thy name, and judge me by thy strength.
Hear my prayer, O God; give ear to the words of my mouth.
For strangers are risen up against me, and oppressors seek
after my soul; they have not set God before them. Selah.
Behold, God is mine helper: the Lord is with them that
uphold my soul.

He shall reward evil unto mine enemies: cut them off in thy
truth.

I will freely sacrifice unto thee: I will praise thy name, O Lord;
for it is good.

For he hath delivered me out of all trouble: and mine eye hath
seen his desire upon mine enemies.

Calm and restful sleep should come quickly.

NOTE: Should this method be used to calm a restless baby or small child, place the packet on the floor beneath the bed rather than beneath the pillow or in the bed so that the infant is protected from chewing on or swallowing the charm.

Protect your property by rubbing on the outer door knobs weekly. This is done to prevent any malicious person from entering.

PT

Anoint the telephone with it so that bad news will not be transmitted through it, and sprinkle in the mail box to stall off unpleasant tidings.

SP

TWISTING

Should a foe be suspected of attempting a hex against you, find a way to secrete some on that person or their property. Whatever evil webs they are weaving will be twisted back so that they themselves will suffer the effects of the mischief they intended for the other person.

HX

UNBINDING

If feelings of futility, constriction, or tenseness come over you, rub this sachet gently over the legs, arms, and forehead to rend the constraints which are immobilizing you and preventing you from doing productive work, fulfilling your duties efficiently, and enjoying each day to its fullest. As you apply, chant softly.

SI

Loosen the bond, untie my hands,
Lift the load, release the bands.
I will be free, I will be me,
I will be me, I will be free.

UNCROSSING

Use daily on the body to overcome crossed conditions. The powder should be especially effective if it is used after an Uncrossing or Dragon's Blood Bath. Even the most serious situations are usually much improved within seven days. **UN**

Those afflicted with the burden of the curse from the Evil Eye can get quick relief by lying quietly after anointing the forehead and temples with this fast-acting powder. **UN**

UNFAITHFUL

Be careful in the use of this for it can cause more trouble than it does good if used without just cause!

When sprinkled on the bed sheets of an unfaithful mate, it can cause the wandering one to cease the infidelity. But if used in the same manner on one who is true, it may cause discontent with the present partner and start the accused person to begin drifting away. **LO**

UNHEXING

Same uses as Uncrossing

UNITING

Bring the family together by using it in the home and praying together the following, or your own personal prayer. **PE**

Bestow upon us, God, the gift of communion
with Thee and with each other.

We ask for guidance in our daily life so
that we may live together in love, respect,
and peace. Amen.

UNTRUTHFUL

Should you suspect someone of telling lies, rub this on your hands and touch their lips lightly. This should bring results quickly and the liar will confess the falsehood without further action or discussion on your part. If there is no retraction of what you believed to be an untruth, then it is best to accept their statement as fact for the time being. **SP**

URANUS

A powder dedicated to Uranus, the sky-god, first ruler of the universe, son of Gaea and father of Titans Cyclops. He was dethroned by Cronus who castrated him thereby taking away his power. From Uranus' blood which fell to the ground sprang the Erinyes, the three Furies, goddesses of revenge. From his discarded flesh which fell into the sea arose Aphrodite, goddess of love, beauty, and fertility.

Men use the powder as a sachet to instill courage and boost their strength. **PO**

Women place a packet of it in the clothes closet or in the drawer where they keep their sleepwear to increase their love charms. **LO**

VAN VAN

A purifying powder to be sprinkled into all four corners of each room after it has been scrubbed with the Van Van Floor Wash. This is one of the most popular protective powders. **PT**

VANILLAN

Mix with Frankincense Incense and burn each morning to assure that good fortune shines on the home and all who live there. **LU**

VENUS

Concocted for women's use only, this is a legendary formula supposedly used by Aphrodite, Sappho, Lesbos, Diana, and other ancient goddesses.

Sprinkle some on the pubic area and armpits daily. It is said to be a fantastic aphrodisiac, causing men to desire you instantly. **SE**

VESTA

The most beautiful of the Roman divinities, bright and pure like the flame which is her symbol. The goddess of hearth, fire, and maternity -- even though she was a virgin -- Vesta personified the earth and was the protectress of sown fields.

Do not confuse this powder with the similarly named substance which is burned at ceremonies for they are two entirely different products.

Sprinkle around the room where any magical rituals are to take place as an enticement for the flame of brightness to enrich the services. **ST**

Young girls may use it as a protection against unwanted advances from boyfriends. **PT**

Women apply it as a sachet to help present the illusion of youthfulness, purity, and innocence. **SI**

VESTA

This is the substance called a powder, but which is really more of a granular consistency. It is burned to accomplish its aims. And, a word of warning, it flares up quickly when it is lighted so use a long taper for igniting it.

When you feel that harmful gossip is being circulated about you, place about one-half teaspoonful of the powder in an incense burner beneath which you have placed the name of the one who is talking against you. Ignite the Vesta and, when it has burned out, spray the entire home with the Jinx Removing Spray. Repeat the ritual daily until you feel the busybody has ceased the idle chatter against you. **UN**

Mix a small amount of this with Jinx Removing Incense and burn to clear the premises quickly of all evil spirits. **UN**

VICTORY OVER EVIL

A much demanded powder for overcoming obstacles in one's path.

Use it on the body daily until you have conquered the evil which oppresses you and are free to use your potentials to the fullest. **UN**

If the situation weighs heavily upon you, take a bath with two spoonfuls of High John the Conqueror Bath in the tub, and dust the body with the powder immediately after drying off. Repeat daily until an improvement has been accomplished.

UN

VIOLET

To protect the home from hexes which may be placed upon it, secure one of the Holy Pentacles, particularly the Third Pentacle of Saturn, which is one of the Seals of Solomon designed specifically to protect against plots made by others, and for defense against evil spirits. Hang the talisman above the entrance to the home, and anoint it weekly with the powder.

PT

VIRGIN MARY

Place a pure white candle in a holder where this has been sprinkled. Light it and call upon the Mother of God for help with any problem. An appropriate prayer for the petition follows.

RE

Hail Mary, full of Grace, the Lord is with thee.

Blessed art thou amongst women,
and blessed is the fruit of thy womb, Jesus.

Holy Mary, Mother of God, pray for us sinners,
now and at the hour of our death. Amen.

VISION

When searching for guidance, take a warm bath with any good bath oil or salts. Dry the body and rub or sprinkle on the powder. Lie down at once and clear the mind of all distracting or disturbing thoughts. Relax completely, both body and mind, and wait to receive the answer to a question about the direction or action you should take to solve the pressing problem, confusing dilemma, or awkward predicament in which you have found yourself.

GU

VOODOO

To appease any spirits who may be trying to interfere with your objectives, mix a bit with whichever incense is being used and burn before the ritual.

SP

This can also be used to force others to do things for you they really do not choose to do. Rub the powder gently into the back of the neck and behind the ears, but they should not be aware of what you are doing. After you have accomplished bringing them into contact with the powder, ask the favor you need and it will be almost impossible for them to refuse your request.

CT

WANGA WANGA

A trouble making formula. Sprinkle at the doorway of the one you want to hex, chanting as you scatter the powder.

HX

From this day on, restless one,

You will wander far and wide.

From this day on, unfaithful one,

Wander, wander, nowhere to hide.

WAR

Used properly, this can work wonders to free you from malice and animosity in all areas of your life.

Place some in front of the house where an enemy lives so that it must be walked over when leaving or entering the property, but be careful that you have placed it there secretly. The powder can cause the foe to become so cross and contrary that neither family nor friends will no longer be able to abide this person and will avoid their company. **HX**

On the other hand, rub the powder on your own body to overcome feelings of resentment others may have against you, and to assist in defeating any adversary. **UN**

WEALTHY WAY

Keep poverty from the door by rubbing this on the doorknobs of the home once a week. **PR**

Whenever you need to acquire more money quickly, rub your body from head to toe with this before going out in search of it. **MO**

The home which keeps a small bowl of this on the dining table will be blessed with plenty. **PR**

WHITE CROSS

A powerful hexing powder.

It is said that, if you can get your enemy to touch this powder with the fingers every nine days, he (or she) will stay crossed forever and there can be no escape from your power. **HX**

WHITE MUS

Probably a bastardization of white musk, this is a popular powder for use in attracting friends, protection from harm, and stopping rumors.

Sprinkle it into the candle holder and burn a pink candle whenever visitors come into the home to make them welcome and comfortable. **AT**

To protect the home, nothing is more forceful than the white mus sachel. Allegedly no evil can cross where this is scattered. Sprinkle it across the front doorway once a week so that the home is secure at all times. **PT**

Stop harmful gossip from spreading by carrying a small vial in the purse or pocket. **SP**

WHITE SAND

Place about a half teaspoonful of the sand in your candle holder. Beneath the burner place a piece of clothing or an object which belongs to the one who has rejected your attentions. Over the sand insert one of the reversible candles and burn it. This ritual should destroy all negative feelings and cause the object of your affections to become attracted to you. **AT**

WINNER'S

To induce others to give you money, sprinkle three green candles and light them before making contact with the person you wish to share their wealth with you. Almost always works quickly. **MO**

WISHBONE

To make wishes come true, write your request on the back of a Seal of Orion from the Sixth and Seventh Books of Moses. Place the seal in a small container and sprinkle the design with this early on Monday morning before sunrise. Hide your talisman away in a secret place, taking it out each day to add a pinch of powder. Do this for seven days, and before the sun sets on the next Monday, the wish should have been fulfilled.

WI

WISHING

Very similar to Wishbone and any ritual suggested for either powder can be used with either one.

Should your wish pertain to love between two people, secure the King and Queen of Hearts cards from a deck. Write the names of the people on the cards -- the woman's name on the King card, and the man's on the Queen card. Tie the cards together, faces inward, with red cord or ribbon. Bind it securely and place the talisman in a box or an envelope. Sprinkle the cards with the powder daily and the two lovers should never part.

WI

WORMWOOD

Ease bitterness which can only hinder you from going forward with a productive and rewarding life by writing out the cause of your anger on paper. Since no one will ever read it, pour out all your feelings of rage, irritation, fury, and bitterness onto the paper. Just the writing down of it in black and white will help rid you of that pent up frustration which is hurtful to your body and spirit. When the letter is finished (address it to the cause of your pain if a particular person is the source), read it over several times. Add to it with any other vicious thoughts which come to mind. Once the letter is completed, place it on a larger piece of paper (an open newspaper is suitable). Sprinkle the powder around the outer edges of your written message, and chant.

UN

Release me from this pain,
Let me live again,
I turn from this despair,
A new beginning is my prayer.

Continue sprinkling the powder in an ever decreasing circle, chanting all the time, until the paper is covered with the bitter wormwood powder, then fold over your writing the larger newspaper covering, folding until it is a small size. If feasible, take it outside and burn the token of your anger. If burning is not practical, bury it, or simply discard it into the nearest trash can. With this ritual, the distress should be eased and you are on your way to a productive and happy future.

XX DOUBLE CROSS

There was Double Cross, now there's XX Double Cross, and soon, if not already, someone will make an XXX or XXXX Double Cross! Use of all of them would be the same as for Double Cross, with the anticipation that the more X's in front of the name, the more powerful the effect would be.

HX

YAKA

Sprinkle on a foe's name which has been written on parchment with Dragon's Blood Ink and bury the talisman on the enemy's property. This is believed to bring misfortune to visit the foe and misery to move right in!

HX

YA YA

Can be applied to the body to increase sexual prowess.

SE

YIN YANG

A pinch smoothed on the inner wrists each morning will aid in bringing harmony and balance to all things.

SI

ZANGI

To entice someone of the opposite sex into an illicit relationship with you, sprinkle this over their head without their knowledge. They will then be powerless to resist your advances.

SE

ZAWDA

Formulated with the intent of bringing distrust, jealousy, and suspicion. Apply directly onto the body, or sprinkle on letters sent to the person you wish to annoy.

HX

ZEPHYR

The Greek personification of westerly winds, Zephyr had the mystical role of gentle peacemaker.

Use this powder as a sachet, or kept open in the room, when calm and gentleness is needed to quiet unrest or friction.

PE

ZEUS

In Greek mythology Zeus was supreme god, son of Cronus and Rhea, and husband of his sister Hera. Many local goddesses, mortal women, and nymphs bore him children, including Aphrodite, Artemis, Hermes, Apollo, and Athena. He was father-god, and punished those who defied him.

Hence, the powder dedicated to Zeus is regarded as a strengthening symbol when rubbed on the forearms and legs.

PO

As a sexual enhancer anoint the thighs before attempting intercourse.

SE

ZODIAC

Whenever you need to employ the proper planetary vibrations to achieve success in an especially important endeavor, sprinkle this around the room and over your body.

MI

ZULA ZULA

One of the most popular uses is to anoint the image of a foe so that any power they have over you will be destroyed.

UN

If you do not have a photograph, any possession of theirs which you can secure will serve. Or simply write the adversary's name on paper and sprinkle with the powder, chanting this verse.

UN

I cast you out,
Begone from my life.
You I can live without,
No more pain or strife.

Wrap the talisman in heavy foil and bury it away from the place where you usually encounter that person.
