

In case of death, I, Richard Koepsel, will the following:

That **no** organs be removed from my body for transplant.

That **no** post-mortem operations or embalming be performed on my body.

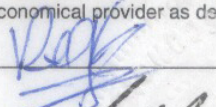

In case an autopsy is required legally, hat t not be performed until 72 hours have elapsed.

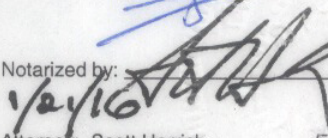

That my body be taken care of according to the philosophy of the Rosicrucian Fellowship of Oceanside, California which include:

a) That the body be left undisturbed in a cold, quiet place for 72 hours.
 b) No embalming or other invasive or preservative measures be taken.
 c) Any time after the 72 hours cremation and any disposal of the ashes.

In case of accident or illness the following pertain:

If I am brain dead or in a persistent vegetative state, I do not want to sustain life by means of feeding tubes or mechanical respiration.

I am a strict vegetarian and prefer to use no products which involve taking the life of an animal unless it is a matter of vital necessity.

If I am no longer competent to make health care decisions my health care agent with power of attorney and living will is
