**THIS IS THE CLIPPER SHIP
THAT WILL FLY ATLANTIC**

The new Yorktown-class aircraft carrier is the largest ship ever built. It is a flying boat, which means it can take off and land on water. The Yorktown is the first of a new class of aircraft carrier, the Yorktown-class. The Yorktown-class aircraft carrier is the largest ship ever built. It is a flying boat, which means it can take off and land on water. The Yorktown is the first of a new class of aircraft carrier, the Yorktown-class.
