REPORT OF INVESTIGATION
(SUMMARY)**

ID CASE NO. 0424/04

7 July 2005

**ALLEGATIONS OF CONFLICT OF INTEREST BY A SENIOR OFFICIAL
OF THE UNITED NATIONS MISSION IN LIBERIA**

1. The Investigations Division, Office of Internal Oversight Services (ID/OIOS) investigated allegations that a Senior Official of UNMIL was, and perhaps continued to be, a partner with a US company. This company was alleged to have engaged in mining contracts with the former Liberian president, Charles Taylor.
2. The investigation concluded that the evidence does not corroborate the allegations against the Senior Official, whereas sufficient reason exists to disbelieve them. Therefore, ID/OIOS recommended that the Senior Official be cleared of this allegation.
