Interviewer: Can you be specific about when you met Rockefeller, how it happened and these discussions?

Aaron Russo: I met Rockefeller through a female attorney I knew who called me up one day and said one of the Rockefellers would like to meet you. I'd made a video called *Mad As Hell* and he'd seen the video and wanted to meet me and knew I was running for Governor of Nevada. So I said sure, I'd love to meet him. And I met him and I liked him and he was a very, very smart man. And we used to talk and share ideas and thoughts and he's the one who told me eleven months before 9/11 ever happened that there was going to be an event. He never told me what the event was going to be. But there was going to be an event and out of that event we'd invade Afghanistan, to run pack launch in the Caspian Sea, we'd invade Iraq to take over the oil fields and establish a base in the Middle East and make it all part of the New World Order, and we'd go after Chavez in Venezuela. And sure enough, later 9/11 happened and I remember he was telling me how we were going to see soldiers looking in caves for people in Afghanistan and Pakistan and all these places and there was going to be this war on terror, in which there is no real enemy, and the whole thing is a giant hoax, but it's a way for the government to take over the American people, control them.

Interviewer: He told you it was going to be a hoax?

Aaron Russo: Oh, yeah. There's no question. There's going to be a War on Terror, and he was laughing. Who are we fighting? I mean, why do you think 9/11 happened and then nothing has happened since then? Do you think that our security is so great here that these people who pulled off 9/11 were not able to knock down another plane? C'mon, it's ridiculous. 9/11 was done by people in our own government, in our own banking system, to perpetuate the fear of the American people and to subordinate themselves to anything the government wants to do. That's what it's about and to create this endless war on terror and that was the first lie and the next lie was to go into Iraq to get Saddam Hussein out with his weapons of mass destruction. That was the next lie.

Interviewer: Now specifically, this was a little over six years ago, eleven months before 9/11 and Nick Rockefeller contacted you through your lawyer and he became a friend over the previous years and he's saying to you there's going to be this big event and out of that we're going to have a war on terror to go on and on.

Aaron Russo: That's right, an endless war on terror without any real enemy so you can never define a winner.

Interviewer: He said it's going to be perfect because you'll never be able to find the enemy.

Aaron Russo: Yeah, that's right because you can't define a winner. No one knows who to beat so it goes on forever and they can do whatever they want, they scare the hell out of the American public. Look, this whole war on terror is a fraud. It's a farce. It's very difficult to say it out loud because people are intimidated against saying it because if you say it they want to make you into a nut case. But the truth has to be, the truth has to come out, that's why I'm doing this interview with you. The fact of the matter happens to be that the whole war on terror is a fraud, it's a farce. Yeah, there's war going on in Iraq because we invaded Iraq. There are people over there fighting. But the war on terror is a joke and until we discover what really happened on 9/11 and who was responsible for 9/11, because that's where the war on terror emanates from, that's where it comes from. It was 9/11 that allowed this war on terror to begin. Until we get to the bottom root of 9/11, the truth of 9/11, we'll never know what the war on terror is about.
