

Raja Rogers Meeting Notes
May 8, 2007

	Missed the first 10 minutes due to Dome program.
Carol	Gave report of progress with school program.
Raja Rogers	It's good progress to get where we are now.
Carol	The superintendent approved the whole program. There is just a principal who is having some reservations. She is a new principal of the high school of 2000 people. Ray thought we should hand it back to the people we have been working with.
Raja Rogers	We just keep moving through the door until we get where we want to be. I want all news today as I will be talking on the Global Chat tomorrow.
Jeff Murphy	A middle school of 700 students – we gave a presentation to the principal. 2 of the teachers at the school have learned TM. We have been invited to give a presentation to the site-based council (June 7) – no principal can make a decision on his/her own. 2 meditators are running in the election to be on that council. We invited Ashley Deans to help us with that presentation.
Raja Rogers	What did MAPI think about the warehouse space?
Jeff Murphy	Yes, the MAPI rep was quite pleased. MAPI can have ½ the large space in the back, plus the two small offices in the front.
Carol	We have a possibility of another school project. A rep there has read our materials and has been meditating for 40 yrs (did not mention what kind).
Raja Rogers	<p>Keep a low profile and keep pursuing it. We are all one family. So we should feel free to talk with others in our family to get our projects successful.</p> <p>This may be one of our last meetings because new Rajas are coming and will have some of our 9 states. Maharishi gave me a project to build a beautiful spa for the public and TM family in Hawaii. Ultimately Maharishi wants a Raja for every state. We will need to have a meeting in a couple of days where everyone joins. 8:45 pm on Thursday?</p>
Jane	We will all miss you. It has been a deeply thrilling experience to have you as our Raja with all the qualities of a divine ruler. Thank you so very much!
Raja Rogers	<p>I feel very connected to everyone. In our life, we go through chapters. We are in the present moment. We need to appreciate it and know that it will be changing. That inspires us to develop that unchanging, absolute aspect of our lives.</p> <p>Probably better not to make a big thing about it until all the Rajas have their new assignments.</p> <p>Maharishi called me on Friday to notify me of this plan. I received a decree today that I am now the Raja of Hawaii.</p>
Ruth Moses	We had a couple come for checking this weekend. Wife is pregnant – Mother – Baby program available?

Raja Rogers	She should see a vaidya first off. There is a Mother-Baby program, but it is only offered in Fairfield.
Jeff Murphy	There is a book by Margaret Mullins, "Blissful Baby."
Ruth	Jeff is very slowly recuperating. We're checking people at our house.
Raja Rogers	<p>We consider rest to be a part of our program. For the "A" types, we tend to push through so if we don't take proper rest, then nature gives us the opportunity to do so.</p> <p>Very important meeting on Thursday night at 8:45 pm Eastern.</p> <p>Jai Guru Dev</p>
