

Residence Course and WPA Income and Expense

August 9, 2006

Dear Raja Designates,

Not every Peace Palace Administrator is able to organize Residence Courses and WPAs throughout the year. So when a course is held in neighboring areas it is good to inspire your local Meditators and Citizen Sidhas to attend there. In these cases Raja Rogers has organized that you can take about half the financial credit. This policy makes it relatively fluid to generate NetSuite income through course participant recruitment, while all the many course details are handled by the course organizers.

You will be able to enter RC/WPA income for about every other person from your area that you send to courses in other areas (within Raja Domain Four). This procedure is only for those people who actually reside permanently in your area.

In this light we forward a message from the Governors who are hosting the September 1-4 course at Simpsonwood Conference Center near Atlanta, Georgia. In June we forwarded a promotional email for this course to be distributed to your email lists; if you need it again, please let us know. The application for these Atlanta area courses is online at Atlanta.globalcountry.net/residencecourse/

Jai Guru Dev

Raja Domain Four Administration

Dear Recertified Governors in Raja Rogers' Domain,

It is a joy to inspire our area Meditators and Citizen Sidhas for Residence Course and World Peace Assemblies. We also invite you to share in the income generated by people from your area who participate in these programs or the special programs offered by Maharishi's Vedic Experts during Labor Day weekend at the Simpsonwood Conference Center in Georgia. The allocation of income for the course will follow the same basic principles as the North Carolina weekend courses this past January and May. The principles are outlined below.

RC/WPA Income for About Half Your CPs

Each Maharishi Enlightenment Center[®] and Maharishi Peace Palace[®] in

Raja Domain Four is invited to take full income for about every other CP sent to the Labor Day Residence Course (RC) or WPA in Georgia, including the full CP income if there is only one applicant from your area. The other half of the fees from CPs from your area will go into a pool shared by the organizers of these Labor Day courses. We say 'about half' the income goes to you because there are a number of fee options varying by course length and accommodation, so it may not come out to be exactly half.

When to Submit Income to NetSuite

RC-WPA CP income will be allocated to you the weekend of August 19 (after the application due date of August 17). Your center/palace email address listed at <http://www.tm.org/> will receive an email about which CPs to enter as income for about half the CP income from your area. In the event there are late applications that can be accommodated by Simpsonwood, we will still hope to have all income allocated by the time the course starts. We ask that you input the income within one week of receiving the payment information.

If you have more than one Recertified Governor in your area, then you decide locally which person there enters how much in each local NetSuite account from the list of CPs sent to your center/palace to enter. You will also be contacted by phone or fax with the credit card info for CPs allocated to your center. We will try to process CP checks in Greenville as much as possible; if check allocation in this way is not equitable, then you will be sent checks to send to National from your local area with the deposit printout you make.

Full Income for Vedic Experts' instruction and consultation

Each Maharishi Enlightenment Center and Maharishi Peace Palace in Raja Domain Four will receive the income from the course participants living in their center/palace area receiving instruction in an Advanced Technique of the TM[®] program, a personal consultation, or Maharishi Vedic Vibration TechnologySM consultation from the Vedic Experts September 1-4 at the Simpsonwood Conference Center courses. Multiple Governors working at one location may decide among themselves how to divide income.

For the September 1-4 courses at the Simpsonwood Conference Center, Dori Rector is the appointment scheduler. She may be contacted at 404-264-1108, or email AtlantaTM@earthlink.net. Once she has the applications for these instructions and consultations, and has done any processing needed, she will let you know you can proceed with submitting the income to NetSuite. For Advanced

Techniques, Dori will be in touch with you about the plan for orientation. For the MVVT online application, Atlanta, GA is the location that should be selected.

Approving RC/WPA CPs

Jeff Litwin is in charge of processing all applications for this course. He will work through the Time Zone course office for approvals.

Wishing You All Good Fortune and Bliss,

Jai Guru Dev

Dori Rector, Jeff Litwin and Diana Williams
