

2003  
**Guide  
To The  
Gardens**

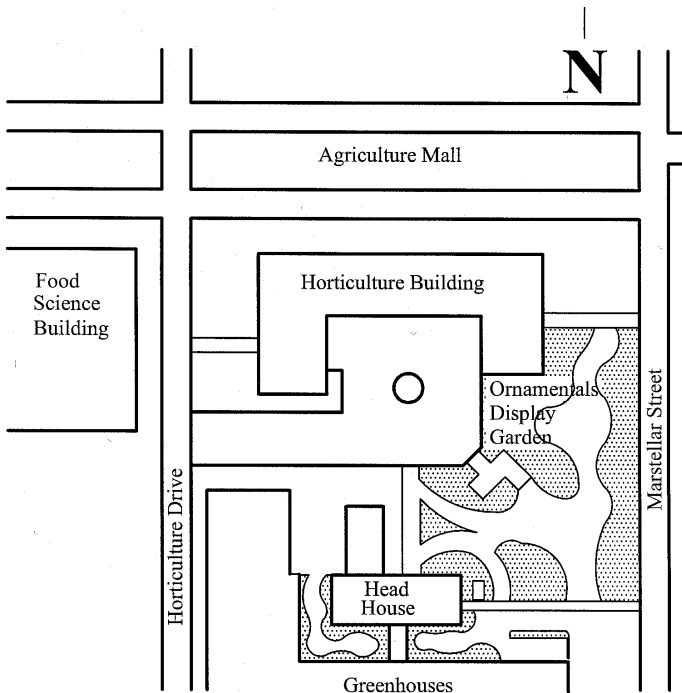

*Horticulture Gardens  
Purdue University*

# Welcome to the Purdue University Horticulture Gardens!

We are pleased to have you visit the Purdue Horticulture Gardens. Whether you are a beginning gardener or an advanced horticulturist, our flower displays have much to offer. The gardens are a true living classroom, serving as a teaching resource for the undergraduate program in horticulture. They also provide opportunities for hands-on training of Master Gardeners, 4-H youth, and many other groups participating in workshops at Purdue. Perhaps as important, the Purdue Horticulture Gardens provide the public with a place to relax and enjoy the beauty of horticulture. Enjoy your visit and return often as the gardens are constantly changing!

# *Self-Guided Tour*

*Come on a wondrous journey that will tickle and enlighten your senses.*

A special place lies before you filled with spectacular color, gentle fragrances, and an outstanding array of textures to see and feel.

*It's a world all its own.*

The rainbow was chosen as this year's theme to symbolize hope and tranquility as the world around us changes. The garden's plantings are patterned after that familiar color spectrum. This year, the blooming columns were constructed to add vertical dimension and invoke intrigue. The path that winds between the columns was intentionally placed to invite visitors to become one with the garden and take a moment to enjoy nature.

The following plants have been selected by the industry for their outstanding performance and showy blooms:

- ❖ The AAS Gold Medal Winner for 2003 is the 'Purple Majesty' Millet
- ❖ The AAS winner for 2003 is the Gaillardia 'Sundance Bicolor', Dianthus 'Corona Cherry Magic', Petunia 'Wave Blue', and Rudbeckia 'Prairie Sun'.
- ❖ The Perennial Plant Association has chosen the Shasta Daisy 'Becky' as its 2003 Perennial Plant of the Year because of its bright white flowers that attract butterflies and long lasting blooms.
- ❖ Several new Sweet Williams have appeared on the market: 'Amazon Neon', 'Amazon Neon Cherry', 'Amazon Neon Purple', and 'Amazon Rose Magic'. They come in a variety of brilliant colors and bloom the first year from seed, making them wonderful cut flowers.

Another highlight in the garden is an old familiar flower that has been hybridized into several new and exciting forms. It is the Petunia! The vast array of colors and plant types offered has made this plant popular again:

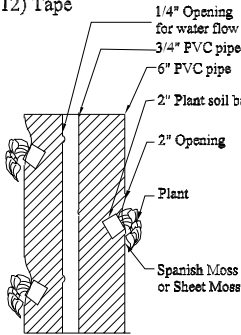

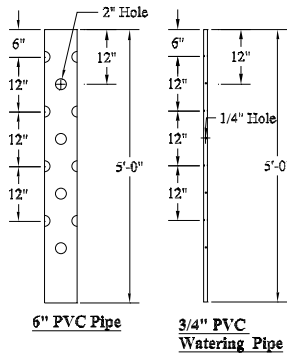

- ❖ Grandifloras have very large showy flowers.
- ❖ Millifloras have very small flowers on a compact plant.
- ❖ Multifloras are more vigorous than the grandiflora types. They produce medium sized flowers in great quantities. Among this group are the 'Wave' types, which are extremely vigorous low growers.

At this time, we would like to direct your attention to a few things that will assist you in understanding our labeling system. All the plants are labeled with both common and botanical names and are listed in this guide. The annuals are marked with white signs and organized in the guide by their common names. The perennials are marked with black signs and are listed by their scientific names. Since our garden is designed to be an ever-changing display as the season progresses, come often and enjoy the vast array of plants suited to our Indiana climate.

# Garden Columns

## Items Required:

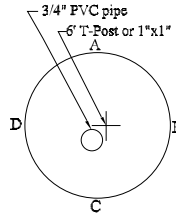

- 1) 6" PVC pipe x 5' tall
- 2) 3/4" PVC pipe x 5' tall
- 3) Smokey Gray spray paint
- 4) Granite Flex Stone spray paint
- 5) Clear Coat exterior spray paint
- 6) 20-40 plants depending on the type. Recommended are vines or cascading types that have been grown in small cell packs. (The soil ball of the plant should be only 2").
- 7) Sheet moss or Spanish moss
- 8) 6' steel T post or a pretreated 2"x2" wooden post
- 9) Soil
- 10) Tampering post or (2x2 wooden post)
- 11) Cable Ties
- 12) Tape

Cross Section of Assembly

## Note:

When drilling the openings for the 6" and 3/4" pipe, it is easy to remember the spacing is 6" apart. On sides A&C the distance is 6" from the top. Rotate the pipes 90 degrees so sides B or D is facing you and drill the opening 6" further down. This is done until each side has 4 openings.

Top view of Assembly

## Assembly Instructions:

1. Cut the PVC pipe to desired lengths
2. Drill 2" holes in the 6" PVC pipe on all 4 sides as shown above.
3. Drill 1/4" holes in the 3/4" PVC pipe as shown above and place a piece of tape over top and a cap over the bottom..
4. Lightly file around the openings to remove any access material.
5. Apply the first coat of the desired base spray paint on the 6" PVC.
6. Allow the base coat to dry completely before applying the stone paint (follow the directions on the can)
7. Lastly spray the clear coat on the pipe, and allow to through dry.
8. Insert the T-post or 2x2 into the ground approximately 3' to act an anchor.
9. Fasten the 3/4" pipe to the T-post or 2x2 with cable ties.
10. Place the 6" pipe over the T-post and 3/4" pipe.
11. Now the real work begins: From the top start placing the soil inside the 6" pipe and around the 3/4" pipe and T-post.
12. After every couple of scoops of soil remember to tamper the soil down to prevent settling.
13. When you get to a opening for a plant place the plant securely in the opening and put moss around it to create a barrier so the soil won't fall out of the opening. Continue this all the way up the column.
14. Finally remove the piece of tape over the top of the 3/4" pipe, so water can flow freely through the openings to nourish the plants.

## Annual Flowers

Annual plants are those that complete their life cycle in one year and therefore do not come back the next season. They are used in many situations for their wide color availability and can be planted amongst perennials to give color all season long. Our collection includes many common, well-known species grown for the use of the Herbaceous Landscape Plants class taught every fall. Also, in the bed column, plants with a "T" beside the number are being grown in the towers, and those with a "C" are located in containers.

Flower	Cultivar	Botanical Name	Source*	Bed #

## *Perennial Flowers*

As you tour the garden the plants with the large black signs are plants that will persist for more than one year. The following is a list of those plants and is alphabetized according to their botanical names. If you find a plant growing in the garden, cross-reference it by using the name at the bottom of the sign. For your information, we have indicated the growth cycle of each plant in the column labeled 'group', using the following abbreviations: **P=Perennial** (a plant that continues to grow and flower for several to many years); **TP=Tender Perennial** (a perennial that is at the edge of its hardiness zone and needs winter protection); **B=Biennial** (a plant that generally does not produce flowers until the second year of growth, after which it dies); **TB=Tender Bulb** (a plant that grows from an underground storage structure (root, bulb, corm, etc.) and must be dug and stored in a frost-free area during winter); **SSA=Self-Seeding Annual** (an annual plant that reseeds readily thus producing a new crop of seedlings every year).

Botanical Name	Common Name	Bed	Group
<i>Acanthus spinosus</i>	Spiny Bear's Breeches	5	P
<i>Achillea filipendulina</i> 'Cloth of Gold'	Fernleaf Yarrow	19	P
<i>Achillea filipendulina</i> 'Moonshine'	Fernleaf Yarrow	19	P
<i>Achillea millefolium</i>	Common Yarrow	19	P
<i>Achillea millefolium</i> 'Cerise Queen'	Common Yarrow	19	P
<i>Achillea ptarmica</i> 'The Pearl'	Sneezewort	19	P
<i>Achillea</i> x 'Summer Pastels'	Yarrow	19	P
<i>Aconitum carmichaelii</i> 'Arendsii'	Monkshood	13	P
<i>Aconitum x bicolor</i> 'Sparks Variety'	Monkshood	17	P
<i>Actinidia arguta</i>	Hardy Kiwi Vine	21	P
<i>Adenophora hybrida</i> 'Amethyst'	Lady Bells	9,17	P
<i>Adenophora liliifolia</i>	Lily Leaf Ladybells	14	P
<i>Aegopodium podagraria</i> var. <i>variegatum</i>	Silveredged Bishop's Weed	21	P

## Special Collections

### Daylilies

The breeding of improved cultivars of the genus, *Hemerocallis* (Daylily), was the passion of the late Walter Jablonski of Merrillville, Indiana. We feel very fortunate to be caretakers of this collection, his gift to the gardens.

Asian Artistry	10	Imperial Watermark	10	Pink Panther	10
Autumn Minaret	10	Kindly Light	19	Purple Glory	10
Cleo Barnwell	10	Lady Bear Bryant	10	Red Fountain	10

Hot Lips	10	Pink Attraction	17		

### Ferns

Botanical Name	Common Name	Bed #
<i>Adiantum pedatum</i>	Northern Maidenhair Fern	1
<i>Adiantum pedatum</i>	Five Finger Maidenhair Fern	1
<i>Athyrium filix-femina</i>	Lady Fern	21
<i>Athyrium niponicum</i> 'Pictum'	Japanese Painted Fern	13,21
<i>Athyrium niponicum</i> 'Ursula's Red'	Japanese Painted Fern	5
<i>Dryopteris cycadina</i>	Shaggy Shield Fern	1
<i>Matteuccia struthiopteris</i>	Ostrich Fern	13,14
<i>Onoclea sensibilis</i>	Sensitive Fern	1,13
<i>Osmunda regalis</i>	Royal Fern	14
<i>Polystichum acrostichoides</i>	Christmas Fern	14
<i>Polystichum polyblepharum</i>	Tassel Fern	1
<i>Polystichum tsus-simense</i>	Korean rock Fern	1
<i>Thelypteris decursive-pinnata</i>	Japanese Beech Fern	1

## *Hosta*

Our hosta collection continues to grow due to our passion for hostas and our search for new and unusual varieties. The older hostas have grown to create an impressive display and are courtesy of ScapeArt Inc., of West Lafayette, IN; pinecliffe Daylily Gardens of Floyds Knobs, IN; and Becich's Perennial Farm located in Knox, IN.

## *Peonies*

Our collection of peonies includes six tree and twelve herbaceous peonies from Klehm Nursery of Illinois. The three more native tree peonies came from Salisbury Landscaping in Kokomo, IN. We appreciate their gift to the garden allowing us to show off the state flower of Indiana.

### Tree Peonies - *Paeonia suffruticosa*

Boreas	Hana Kisoï	Leda
Godai-shu	Jitsuge Tsu-nishiki	Renkaku
Gold Sovereign	Joseph Rock Teikan	

### Herbaceous Peonies - *Paeonia hybrids*

Angel Cheeks	Mr. Ed	Reine Deluxe
Bridal Gown	Festive Powder	Snow Swan
Barrington Belle	First Lady	Susie Q
Cheddar Regal	Hoosierland	Top Brass

## *Grasses*

Botanical Name	Common Name	Bed #
<i>Andropogon scoparius</i>	Little Bluestem	20
<i>Arrhenatherum elatius</i> 'Variegatum'	Variegated Bulbous Oat Grass	20
<i>Arundo donax</i>	Giant Reed	17
<i>Briza maxima</i>	Big Quaking Grass	20
<i>Briza media</i>	Quaking Grass	20
<i>Briza media</i>	Quaking Grass	20
<i>Calamagrostis x acutiflora</i> 'Overdam'	Feather Reed Grass	20
<i>Chasmantium latifolium</i>	Northern Sea Oats	21
<i>Deschampsia cespitosa</i>	Tufted Hair Grass	20
<i>Eragrostis trichodes</i>	Sand Love Grass	19
<i>Erianthus ravennae</i>	Plume Grass	20
<i>Festuca glauca</i>	Blue Fescue	20
<i>Hakonechloa macra</i> 'Aureola'	Hakone Grass	20,21
<i>Helictotrichon sempervirens</i>	Blue Oat Grass	20
<i>Imperata cylindrica</i>	Japanese Blood Grass	20,21
<i>Miscanthus sinensis</i> 'Gracillimus'	Maiden Grass	21
<i>Miscanthus sinensis</i> 'Purpurescens'	Purple Eulalia Grass	20
<i>Miscanthus sinensis</i> 'Variegatus'	Striped Eulalia Grass	20
<i>Miscanthus sinensis</i> 'Yaku Jima'	Eulalia Grass	20
<i>Miscanthus sinensis</i> 'Zebrinus'	Zebra Grass	20
<i>Panicum virgatum</i> 'Rehbraum'	Red Switch Grass	20
<i>Panicum virgetum</i>	Switch Grass	20
<i>Pennisetum alopecuroides</i>	Fountain Grass	20
<i>Pennisetum alopecuroides</i> 'Hameln'	Dwarf Fountain Grass	20
<i>Pennisetum villosum</i>	Feathertop	21
<i>Phalaris arundinacea</i> 'Picta'	Ribbon Grass	20,21
<i>Sisyrinchium angustifolium</i> 'Lucerne' syn. <i>S. graminoides</i>	Blue-Eyed Grass	17
<i>Sorghastrum nutans</i>	Indian Grass	20
<i>Spartina pectinata</i> 'Aureo-marginata'	Variegated Cordgrass	21
<i>Spodiopogon sibiricus</i>	Frost Grass	19
<i>Sporobolus heterolepis</i>	Prairie Drop Seed	20
<i>Stipa pennata</i>	Feather Grass	20

## *Roses*

The rose collection in bed #22 is for a research project conducted by Dr. Matt Jenks to study the role of plant cuticle and disease resistance.

Blue Girl	Purple Passion	Climbing Peace	GingerSnap
Intrigue	Mister Lincoln	Garden Party	

## *Trees and Shrubs*

There are many trees and shrubs found in the garden with unique ornamental traits that can be incorporated into the home landscape for interesting features year round.

Botanical Name	Common Name	Bed #
<i>Acer griseum</i>	Paperbark Maple	5
<i>Acer japonicum</i>	Japanese Maple	12
<i>Amelanchier laevis</i>	Allegheny Serviceberry	1
<i>Ampelopsis brevipedunculata</i>	Porcelain Berry	21
<i>Aronia arbutifolia</i> 'Brilliant'	Red Chokeberry	1
<i>Berberis thunbergii</i> 'Atropurpurea'	Japanese Barberry	11
<i>Betula nigra</i>	River Birch	21
<i>Buxus microphylla</i> var. <i>koreana</i>	Korean Box	13
<i>Buxus</i> var. <i>koreana</i> x <i>B. sempervirens</i> 'Green Velvet'	Boxwood	21
<i>Celastrus scandens</i>	Bittersweet Vine	21
<i>Cercis canadensis</i>	Eastern Redbud	13,14
<i>Chionanthus retusus</i>	Oriental Fringetree	5
<i>Clethra alnifolia</i> 'Hummingbird'	Summersweet	1
<i>Cornus florida</i>	Flowering Dogwood	17
<i>Cornus kousa</i>	Kousa Dogwood	12
<i>Corylopsis spicata</i>	Spike Winterhazel	5
<i>Corylus avellana</i> 'Contorta'	Contorted Filbert	19
<i>Cotinus coggygria</i> 'Atropurpureus'	Smokebush	5
<i>Cotoneaster apiculatus</i>	Cranberry Cotoneaster	12
<i>Cotoneaster multiflorus</i>	Many-Flowered Cotoneaster	5
<i>Crataegus mollis</i>	Downy Hawthorn	1
<i>Crataegus viridis</i> 'Winter King'	Green Hawthorn	21
<i>Eleutherococcus</i> x <i>Sieboldianus</i> 'Variegatus'	Fiveleaf Aralia	5
<i>Elsholtzia stautonii</i>	Stauton Elsholtzia	5
<i>Euonymus alatus</i>	Burning Bush	11
<i>Exochorda racemosa</i>	Common Pearlbrush	5
<i>Fagus grandifolia</i>	American Beech	11
<i>Fothergilla major</i>	Large Fothergilla	12,13
<i>Gledisia triacanthos</i>	Common Honeylocust	15
<i>Hydrangea petiolaris</i>	Climbing Hydrangea	21
<i>Ilex serrata</i> x <i>I. verticillata</i> 'Autumn Glow'	Winterberry	16
<i>Ilex serrata</i> x <i>I. verticillata</i> 'Raitan Chief'	Winterberry	16
<i>Itea virginica</i>	Virginia Sweetspire	1
<i>Liquidambar styraciflua</i>	Sweetgum	21
<i>Liriodendron tulipa</i>	Tulip Tree	18
<i>Magnolia tripetala</i>	Umbrella Magnolia	13
<i>Magnolia</i> x <i>soulangeana</i>	Saucer Magnolia	12
<i>Mahonia aquifolium</i>	Oregon Grapeholly	18
<i>Malus</i> spp.	Flowering Crabapple	13
<i>Myrica pensylvanica</i>	Bayberry	14
<i>Picea abies</i> 'Nidiformis'	Nest Spruce	12
<i>Pieris japonica</i> 'Variegata'	Japanese Andromeda	5
<i>Pinus cembra</i>	Swiss Stone Pine	5
<i>Pinus mugo</i> 'Valley Cushion'	Mugo Pine	10

<i>Pinus ponderosa</i>	Ponderosa Pine	14
<i>Pinus strobus</i> 'Contorta'	Contorted Eastern White Pine	10
<i>Prunus tomentosa</i>	Nanking Cherry	21
<i>Pseudotsuga menziesii</i>	Douglas Fir	17
<i>Ptelea trifoliata</i>	Wafer Ash	15
<i>Rhododendron maximum</i> 'Roseum'	Rosebay Rhododendron	11
<i>Rhododendron</i> x P.J.M. Hybrids	P.J.M. Hybrid Rhododendron	1,13
<i>Thuja occidentalis</i> 'Hetz Midget'	American Arborvitae	11
<i>Viburnum opulus</i> 'Nanum'	European Cranberrybush	12
<i>Viburnum sieboldii</i>	Siebold Viburnum	12
<i>Wisteria floribunda</i>	Japanese Wisteria	21

## *Container Variety Trial*

The area behind the rose collection is a trial of new vegetatively propagated annuals being tested for consumer performance by Dr. Allen Hammer. The garden performance of the plants in the duplicate cultivar containers is being studied after a plant growth regulator was sprayed in the greenhouse.

---

We would like to thank the following individual contributors who donated plant material also:

Dr. Richard A. Hayden  
Paul J. Hertel  
Dr. Jon Lindstrom  
John D. Stout

Suzanne Herbst  
Teri, Marian, & Jessie Keith  
John Mihay  
Mary Welch-Keesey

# Thank You

The Purdue Horticulture gardens are supported by many people from diverse programs. Listed below are only a few who have directly contributed in 2003.

Carole Fagg	Diana Clark	Rob Eddy
Jason Clodfelter	Purdue Grounds Dept.	Terri Kirk
Allen Hammer	Purdue Hort. Society	Kent Schuette
Eric Whitehead	Connie Holderfield	
Tippecanoe County Master Gardeners		
Associated Landscape Contractors of America		

Thanks also to the faculty and staff of the Horticulture Garden Steering Committee for their continued efforts in garden improvement and direction.

Mike Dana	Rosie Lerner	Rob Sovinski
-----------	--------------	--------------

=====

A special thank you to Daisy Hinkle Garton for the establishment and support of the Henry Ernest Hinkle Memorial Endowment Fund. The fund provides financial support for a horticulture garden internship to be awarded yearly. The internship not only provides financial assistance for a student, it gives the student valuable practical experience in the care and maintenance of ornamental plants.

=====

We need your help to do a better job of meeting your informational needs! Please send us any comments, questions, or suggestions you might have about the current garden or for future displays.

Sincerely,

Mary Lou Hayden, Garden Director  
Dept. of Hortic. & Ldscp. Architecture  
Purdue University  
625 Agriculture Mall Drive  
West Lafayette IN 47907-2010  
or e-mail: holderfield@hort.purdue.edu

# *Horticulture is both a science and an art.*

The Purdue University Horticulture Gardens have been demonstrating this to students and visitors since 1982.

The gardens are a living classroom. They instruct Purdue Horticulture students in ways no books or lectures can, provide hands-on training in garden maintenance for student workers and volunteers, and teach visitors about garden plants and techniques.

The gardens are also a quiet pocket of repose on the busy West Lafayette campus, offering as much for the senses as for the mind.

In just under half an acre, the gardens display a wide diversity of plants, including over 200 cultivars of annuals and nearly 300 species of perennial flowers and foliage plants. Special collections include daylilies, iris, spring-flowering bulbs, ferns, ornamental grasses, hostas, and peonies.

Located adjacent to the Horticulture Building at Marsteller Street and the Agricultural Mall, the gardens are open year-round, seven days a week. You'll find self-guided tour brochures when you visit, or you can request one by mail. You can also arrange for guided group tours.

## *We invite you to visit and become a Friend of the Garden*

Become a 'Friend.' Support the activities and continued development of the Purdue University Horticulture Gardens through your tax deductible contribution to the Purdue Foundation.

All of our 'Friends' receive a garden guide each spring, an invitation to special events such as the Purdue Garden Day open house, and the satisfaction of helping the gardens grow.
