When her daughters were babies, Sharon published *Monkeysuits*, a line of knitting patterns for babies and children. # Acknowledgments

When Pam Mourouzis—the very talented Acquisitions Editor at Wiley Publishing—and I first spoke about this *Knitting Visual Stitches Encyclopedia*, we agreed it would probably be “pretty easy.” Once underway, it emerged as something more complex than originally envisioned. (And it didn’t help that I was finishing up my last year of nursing school, and preparing for my licensure exam.) Throughout the entire process, Pam, and Donna Wright, Senior Project Editor Extraordinaire, worked diligently to see this intricate project through to fruition. And even though I got more and more behind, Donna and Pam never seemed to lose patience; instead, they always offered support and more time. Thank you, Pam, for the privilege of working on this book. And Donna, you deserve the highest commendation for deftly sorting the bits and pieces that trickled in (at too slow a pace), and for building a comprehensive—and comprehensible—finished book out of it all.

I am forever grateful to Kristi Porter, Technical Editor (and author of several knitting books herself), for sharing and applying her vast knitting and pattern-writing knowledge to ensure that this book’s patterns make sense. Kristi’s remarkable ability to pay close attention to millions of tiny details while simultaneously maintaining a clear view of the big picture has been invaluable. Thank you, Kristi.

Many knitters worked their fingers to the bone to fill these pages with colorful swatches. My dear friend, Brenda Adelson, devoted many of her evening hours to help create many of the knit swatches shown in the book. Another dear friend and Brooklyn neighbor, Yuki Sahara, knitted a zillion swatches and was always sure to point out errors or odd wording that could be confusing. Pam Mourouzis, who already has a full plate, also expertly knit many of the swatches shown and made sure to let everyone know how much she enjoyed it. My sister Lauren (Doll) and my pal Kristen also knit some swatches when they weren’t distracted by their own busy lives, and I’m so thankful to them for that. Isabel, my eldest daughter, also took time from her demanding school schedule to help out and knit a few swatches. Applause goes to Matt Bowen for photographing and re-photographing so many little knit squares so that they looked just right. Thanks also to Mary Louise Wiack for her eagle-eyed review early on; to Christina Stambaugh for expertly directing the production of this exhaustive project so that all of the details came together in one neat package; and to Wiley Publisher Cindy Kitchel for allowing me the opportunity to work on this intricate project.

To my best advisor and husband Mark, and to our three delightful daughters Isabel, Matilda, and Phoebe—you are the best.

## Appendix: Glossary 235

# Introduction

This encyclopedia offers 350 knitting stitches: simple knits and purls; intricate ribbed, bobbled, slipped, twisted, and cabled stitches; lace, edgings, and colorwork. Use the book to explore new patterns, to practice unfamiliar techniques, or to design and create distinctive hand-knit sweaters, accessories, and items to decorate your home.

## Before You Begin

You'll need to know that all of the stitch patterns come complete with a detailed color photo and clear, simple, stitch-by-stitch instructions. In addition, all but a few of the patterns are represented in chart form. (Refer to the Appendix to clarify stitch maneuvers and interpret the symbols and charts.) When applying the patterns to your own designs, knit a sample swatch (or two or three or four) to see if the stitch pattern has the right texture, weight, and drape for your project. The type of yarn you use—the fiber and how it is spun—impacts the outcome tremendously. Many pure wool yarns are elastic and have a lot of body. Cotton, linen, bamboo, and other plant-based yarns do not have a lot of stretch. Fuzzy, hairy, slubby, and loosely spun yarns can either conceal or accentuate a stitch pattern, so you'll definitely have to experiment with those. Tightly spun yarns worked on the right size needles generally offer effective stitch definition if that's what you're after. The sample swatches shown in the photographs were knit in a lightweight yarn for consistency and stitch clarity. Explore the whole range of yarn weights when making your samples. Knit a bobbled cable in a super-bulky wool, work lace in medium cotton on big needles, or try an intricate knit and purl pattern on tiny needles in superfine silk, and watch the stitch pattern swell or contract. When designing projects that are gauge-sensitive, knit a fairly large gauge swatch to ensure accuracy. Remember that different stitch patterns produce a wide variety of fabrics, ranging from dense and stiff to soft and loose.

## How This Book Is Organized

Here is a brief summary of the types of patterns that you can knit using this book.

### Chapter 1: Knit and Purl Patterns

This chapter is the most straightforward in terms of technique and level of skill required. But don't skip it if you're a knitter who likes a challenge, because this chapter includes over 50 stitch patterns, many of them intricate and inspiring.

### Chapter 2: Rib Patterns

You'll find a variety of rib patterns in this chapter: some comprised of simple knits and purls, and others that take you beyond the basics to eye-catching ribs that use eyelets, slipped and twisted stitches, and textural shaping maneuvers. Many of the patterns here are not just for cuffs, borders, and hems. So if an elastic ribbed sock or hat is what you're making, be sure to test the stitch pattern to make sure it's that type of rib.

### Chapter 3: Bobbles and Textured Stitches

This chapter offers an array of bumpy, knotty, woven, and wavy stitches. Many of these patterns require more yarn per square inch than the simpler knit and purl patterns. When planning your project, consider knitting a 4-inch square swatch in your chosen yarn and stitch pattern, then unravel the swatch and measure how many yards of yarn you used. Calculate yards per square inch by dividing the number of yards of yarn your 4-inch square swatch used by 16. Take that number and multiply it by what you estimate to be your project's area in square inches, and you should have a pretty good idea of how many yards of that particular yarn you'll need. (Actually, you can estimate yardage this way for stitch patterns in any of the chapters.)

## Chapter 4: Slipstitch Patterns

Slipstitch knitting is one of the most satisfying knitting techniques; Most of the patterns are quicker to work, yet result in fascinating, dynamic, and eye-pleasing designs. And many slipstitch patterns more closely resemble weaving than knitting. Regarding the mechanics of slipping stitches, stitches are always slipped purlwise unless otherwise noted. You'll often see the abbreviations *wyif* and *wyib*—referring to where the yarn is held when slipping a stitch—*wyif* means the yarn is held in front of the stitch being slipped, and *wyib* means the yarn is held in back of the stitch being slipped. In this book, *wyif* and *wyib* make no reference to the right side or the wrong side of the work; rather, they refer to the placement of the yarn relative to the stitch on the left needle, regardless of whether you're working a right side or wrong side row. Because slipping stitches tends to pull the knitting tightly together, the resulting fabric of some of the slipstitch patterns can be rather dense and inelastic. Certain patterns require larger needles to manage this increased tension. Hold the yarn in a relaxed and comfortable fashion, so that the natural tightening tendency doesn't make knitting difficult, and enjoy experimenting with a variety of yarns and needle sizes.

## Chapter 5: Twist-Stitch Patterns

You'll get a taste of how versatile twist-stitch knitting can be using the patterns in this chapter. Knitting or purling into the back loops of the stitches, or knitting or purling the second stitch on the needle before the first stitch, allows you to generate designs with wandering stitches and linear graphics that rival cables (without having to wrestle with a cable needle). On the other hand, you can also work simple 2-stitch, 2-row twist-stitch patterns that form captivating textures. As with many stitch patterns, you'll want to knit a good size sample swatch to accurately measure gauge, as twist-stitches tighten your knitting, resulting in a measurement that requires more stitches per inch.

## Chapter 6: Cable Patterns

Many knitters prefer knitting cables above all other types of knitting. Cables can be sleek and simple, like the basic right and left cable—worked over just four or six rows—or exquisitely complex, forming ornate, even sculptural relief over many stitches and rows. Use these patterns to hone your cabling skills, or pair them with textural stitch patterns from earlier chapters to design your own cable-knit sweaters and accessories. Accurately measuring gauge with cables can be tricky, especially if you're combining many cables into one elaborately knit item. As always, take time to knit samples. And if you're the type of knitter who doesn't want a project that requires intense concentration and continuous counting of stitches and rows, try working a single cable as an accent to a sleek design.

## Chapter 7: Drop-stitch, Yarn Overs, Eyelet, and Lace

This chapter offers a variety of stitch patterns that share the trait of intentionally creating holes in the fabric to form the design, and the patterns are wonderful when worked in the lighter weight yarns. Fine cottons, linens, and silks lend themselves beautifully to openwork. Scarves, shawls, and throws are perfect vehicles for intricate lace patterns because they don't require keeping track of intricate shaping and complex stitch patterns at the same time. After knitting your sample swatches, be sure to stretch them (and even pin, if necessary) to open up the holes before blocking. This will ensure that the pattern is visible at its best. Explore these lacy, airy patterns by knitting 8-inch by 8-inch openwork samples in dishcloth cotton—you'll master more open stitches in less time, plus you'll have some lovely washcloths to keep or give as gifts.

## Chapter 8: Borders and Edgings

This chapter provides you with a sampling of designs to ornament your knitting. Some of these can be worked from the bottom up, so that when the border or edging is complete, you can just keep knitting your item from there. Others are knit lengthwise, and so must be worked separately to the same length as the edge to which they will be attached. The majority of the swatches for this chapter were knit in lightweight cotton to accentuate the lacy patterns, but you should experiment with other fibers and weights.

## Chapter 9: Creative Stitches and Combinations

As the title suggests, this chapter includes patterns that employ multiple techniques—more than one cable in a panel, bobbles and eyelets in the same design, or patterns that employ unusual stitches and maneuvers. Use this chapter as a stepping-stone to designing your own creative combinations.

## Chapter 10: Color Knitting

There are many forms of color knitting. You will find patterns for stranded knitting—frequently referred to as Fair Isle knitting—as well as several intarsia motifs and color-slip designs. These patterns are presented in easy-to-follow color charts; you can follow the colors presented, or simply use the charts as inspiration and select your own color combinations.

*Stranded knitting* involves using two colors in one row, carrying both colors across the back of the work. Take care that the yarns stranded on the wrong side are not too taut, or your work will pucker. Some of these stitches form allover patterns made up entirely of two colors. Other allover designs use three, four, five, or more different colors. There are also stranded designs for borders, floral patterns, nautical motifs, and modern geometric configurations. Mix and match these to create your own unique colorwork.

*Intarsia knitting* involves scattering isolated blocks of color or motifs over the knit field. You work each motif with a separate ball or bobbin of yarn. When it's time to change colors—from background color to motif color, for example—twist the yarns together on the wrong side to avoid ending up with holes on the right side. For motifs that have only a few stitches in a particular color—a bird's beak, a dog's nose, for example—you can cheat and work those bits in duplicate stitch. Knit these intarsia “stitch pictures” into sweaters, hats, pillow cushions, and more to individualize your knit projects.

*Color-slip knitting* patterns close the chapter, and if you've never worked color-slip knitting, you should definitely give it a try. After stripes, it's the easiest form of color knitting. This technique is a wonderful way to work with two colors at the same time, without stranding or using bobbins. You work one color at a time in each row, using the same color over the first two consecutive rows, while slipping the stitches that would normally be worked in the second color. For the following two rows, you work with the second color, and slip the stitches that would be worked in the first color. Also, you can work color-slip knitting in garter stitch for a bumpy texture and compressed version of the pattern, and stockinette stitch for a smoother fabric and elongated version of the color design.

**Note on the Color-Slip Charts:** Each row of a color-slip chart is labeled with an odd number on the right, and an even number on the left. That's because each chart row stands for the two rows worked in one color. The odd numbers represent the right side rows and are read from right to left, and the even numbers represent the wrong side rows and are read from left to right. On the right and left edges of the chart you will see a column of black and white checks. These are not part of the actual stitch pattern; rather, they are a key to which color is worked for the two rows that the one chart row represents. If the row has a black square at its beginning, then the darker color is the working color, and the lighter color is the slipped color. The same will be true for the corresponding wrong side row. All of the charts here begin with the darker color. In order to have the light-colored stitches to slip in that first row, cast on in the lighter color and work two plain rows. Attach your darker color, and you're ready to begin working the pattern from the chart.

## And Now, the Fun Part . . .

Gather several balls of yarn in your favorite colors and fibers, collect a few different-sized needles and essential knitting notions, and put them and this book into your favorite knitting bag. Don't forget to take along a pencil and graph paper for inventing and charting your own stitch patterns. Go find a comfortable spot that's quiet enough to hear the soothing clicking of your needles, and light enough to watch exquisite fabrics emerge as you knit.

CHAPTER 1

# Knit and Purl Patterns

## Garter Stitch

Garter stitch is the easiest stitch pattern, and what's great about it is that it always lies perfectly flat. It looks exactly the same on both the front and the back.

Cast on any number of sts.

**Row 1:** Knit.

Rep row 1 for garter stitch.

## Stockinette Stitch

Stockinette stitch is the pattern most often used for sweaters. The right side looks like rows of flat Vs; the wrong side looks like rows of bumps.

Cast on any number of sts.

**Row 1 (RS):** Knit.

**Row 2 (WS):** Purl.

Rep rows 1 and 2 for stockinette stitch.

**Row 20:** \*[K1, p1] 5 times; rep from \* to end.

Rep rows 1–20 for tumbling blocks.

## Ruching I

You need two sets of needles for ruching: one suited to your yarn's thickness and a second pair that is one or two sizes larger. A fine, delicate yarn complements this pattern superbly. Start with the smaller needles and the number of stitches required for your desired width. Your stitch count will nearly double for rows 7–14.

Cast on any number of sts.

**Rows 1, 3, and 5 (RS):** Knit.

**Rows 2, 4, and 6:** Purl.

**Row 7:** Change to larger needles. K1, \*kfb; rep from \* to last st, k1.

**Rows 8, 10, 12, and 14:** Purl.

**Rows 9, 11, and 13:** Knit.

**Row 15:** Change back to smaller needles. K1, \*k2tog; rep from \* to last st, k1.

**Row 16:** Purl.

Rep rows 1–16 for ruching I.

## Ruching II

You need two pairs of needles, one suited to your yarn's thickness and one smaller pair. This version begins with the puckered band, creating a ruffle. Begin with the larger needles and cast on twice the number of stitches you need for your final width.

Cast on an even number of sts.

**Rows 1, 3, and 5 (RS):** Knit.

**Rows 2, 4, and 6:** Purl.

**Row 7:** Change to smaller needles. \*K2tog; rep from \* to end. You'll have half the number of sts you began with.

**Rows 8–12:** Knit.

**Row 13:** Change to larger needles. \*Kfb; rep from \* to end. You'll have the number of sts you began with.

**Row 14:** Purl.

Rep rows 1–14 for ruching II.

## Spirals

Alternating a double increase with a double decrease makes these spiraling cable look-alikes.

Cast on a multiple of 5 sts plus 4.

**Row 1 (RS):** \*P4, knit into front, back, and front of next st; rep from \* to last 4 sts, p4.

**Row 2:** K4, \*p3, k4; rep from \* to end.

**Row 3:** \*P4, k3tog; rep from \* to last 4 sts, p4.

**Row 4:** K4, \*p1, k4; rep from \* to end.

Rep rows 1–4 for spirals.

## Diagonal Weave

This big pattern looks like ribbons threaded in and out of the background fabric. It's reversible, too.

Cast on a multiple of 16 sts.

**Row 2:** \*K11, p5; rep from \* to end.

**Rows 16 and 18:** Purl.

**Rows 17:** Knit.

**Rows 19 and 20:** \*K1, p11, k4;  
rep from \* to end.

**Row 20:** P4, \*k11, p1; rep from \*  
to end.

**Rows 22 and 24:** Purl.

**Row 23:** Knit.

Rep rows 1–24 for diagonal weave.

## Star Panel

This simple star, a 17-stitch panel, made up of thin lines of purl stitches is lovely centered in cardigan fronts or as a repeating motif on a baby blanket or throw. This pattern begins with a wrong side row.

To use as a single panel, you'll need 17 sts. As a repeating pattern, cast on a multiple of 16 sts plus 1.

**Row 1 (WS):** K1, p15, k1.

**Rows 2, 4, and 18 (RS):** Knit.

**Rows 3 and 19:** K1, [p7, k1] twice.

CHAPTER 3

# Bobbles and Textured Patterns

## Feather and Fan

Feather and fan, also known as old shale or peacock stitch, is an intricate, sumptuous-looking pattern that works up almost effortlessly. For a more finished look, you can add two stitches to each edge as a border; just knit them on both right-side and wrong-side rows.

Cast on a multiple of 18 sts.

**Row 1 (RS):** Knit.

**Row 2 (WS):** Purl.

**Row 3:** \* [K2tog] 3 times, [yo, k1] 6 times, [k2tog] 3 times; rep from \* to end.

**Row 4:** Knit.

Rep rows 1–4 for feather and fan.

## Bobble Stitch

Here's a pattern where you work a series of bobbles on every 6th row.

**Mb (make bobble):** K1, p1, k1, p1, k1 into next st, turn, p5, turn, k5, pass the 4 sts one at a time over the knit st and off the needle to finish bobble.

Cast on a multiple of 4 sts plus 3.

**Row 1 (RS—bobble row):** \*K3, mb; rep from \* to last 3 sts, k3.

**Rows 2, 4, and 6 (WS):** Purl.

**Rows 3 and 5:** Knit.

**Row 7 (bobble row):** K1, mb, \*k3, mb; rep from \* to last st, k1.

**Rows 8 and 10:** Purl.

**Rows 9 and 11:** Knit.

**Row 12:** Purl.

Rep rows 1–12 for bobble stitch.

## Trinity Stitch

Trinity stitch, also referred to as bramble stitch, works wonderfully for hems, cuffs, collars, and slouchy lined bags, or framing central cable panels on Aran sweaters.

Cast on a multiple of 4 sts plus 2.

**Row 1 (RS):** Purl.

**Row 2 (WS):** K1, \* [k1, p1, k1] into the next st, p3tog; rep from \* to last st, k1.

**Row 3:** Purl.

**Row 4:** K1, \* p3tog, [k1, p1, k1] into the next st; rep from \* to last st, k1.

Rep rows 1–4 for trinity stitch.

## Knot Stitch

This textured stitch pattern works well for sweaters, jackets, and bags.

Cast on a multiple of 2 sts plus 1.

**Rows 1 and 3 (RS):** Knit.

**Row 2 (WS):** K1, \* p2tog without slipping sts off the needle, bring yarn to back and knit the same 2 sts together and slide them off the needle; rep from \* to end of row.

**Row 4:** \* P2tog without slipping sts off the needle, bring yarn to back and knit the same 2 sts together and slide them off the needle; rep from \* to last st, k1.

Rep rows 1–4 for knot stitch.

## Pillared Knot Stitch

This interesting pattern resembles a rib. It does pull in like a rib, but without a lot of elasticity.

Cast on a multiple of 4 sts plus 1.

**Row 1 (RS):** K1, \* p3tog without slipping sts from the left needle, bring yarn to back and knit the same 3 sts together without slipping sts from the left needle, bring yarn back to the front and purl the 3 sts together (this time slipping the sts off the left needle to complete the knot), k1; rep from \* to end of row.

**Row 2 (WS):** Purl.

Rep rows 1 and 2 for pillared knot stitch.

## Star Stitch

In this easy stitch pattern, the little knots resemble stars. This pattern uses the abbreviation *ms*.

Cast on a multiple of 4 sts plus 1.

**Rows 1 and 3 (RS):** Knit.

**Row 2 (WS):** P1, \*ms, p1; rep from \* to end of row.

Rep rows 1–4 for star stitch.

## Peppercorn Stitch

This fun nubby stitch gives bags, blankets, and oversized pullovers an eye-catching texture. Making the peppercorn involves reknitting the same stitch three times without increasing; rather, you're adding length to the stitch, not width. Try working it with yarn and needles before questioning it. This pattern begins with a wrong side row.

Cast on a multiple of 4 sts plus 3.

**Rows 1 and 3 (WS):** Purl.

**Row 2 (RS):** K3, \*k1, [insert left needle into front of st just knit on right needle, and knit it] 3 times, k3; rep from \* to end.

**NOTE:** Inserting the left needle into the front of the st on the right needle and knitting it is similar to what you do when working ssk, but in this case, you're inserting and knitting into one st only. Alternately, you can slip the k1 from the right to left needle each time and reknit it, but it's not as quick.

**Row 4:** K1, \*k1, [insert left needle into front of st just knit on right needle, and knit it] 3 times, k3; rep from \*, ending last rep k1 instead of k3.

Rep rows 1–4 for peppercorn stitch.

## Rosette Stitch

Here is a sweet stitch pattern that looks like rows of roses.

Cast on a multiple of 4 sts plus 3.

**Row 1 (RS):** P3, \*kfbf (3 sts worked in 1 st), p3; rep from \* to end.

**Row 2 (WS):** K3, \*p3, k3; rep from \* to end.

**Row 3:** P3, \*k3tog, p3; rep from \* to end.

**Row 4:** Knit.

Rep rows 1–4 for rosette stitch.

## Popcorn Stitch

Popcorns are similar to bobbles, but smaller. Here they're worked on a background of garter stitch. Be sure to leave some slack when knitting three times into the same stitch. This pattern begins with a wrong side row.

Cast on a multiple of 6 sts plus 5.

**Rows 1, 2, 3, and 4:** Knit.

**Row 5 (WS):** K5, \*[k1, p1, k1, p1] into next st, k5; rep from \* to end.

**Row 6:** K5, \*sl 3, k1, pass 3 sl sts one at a time over the last knit st (creating the popcorn), k5; rep from \* to end.

**Rows 7–10:** Knit.

**Row 11:** K2, \*[k1, p1, k1, p1] into next st, k5; rep from \*, ending last rep k3 (instead of k5).

**Row 12:** K2, \*sl 3, k1, pass 3 sl sts one at a time over the last knit st, k5; rep from \*, ending last rep k2 (instead of k5).

Rep rows 1–12 for popcorn stitch.

## Pompom Stitch

This stitch takes some concentration to work, but the beautiful, high relief pattern is worth the effort. Be sure to work the make 1 (m1) by picking up from front to back the horizontal strand between the last stitch worked and the next stitch on the left needle and knitting it through the front loop. This pattern begins with a wrong side row.

Cast on a multiple of 10 sts plus 2.

**Row 1 (WS):** K2, \*p5, k2, p1, k2; rep from \* to end.

**Row 2 (RS):** P2, \*m1, k1, m1, p2, ssk, k1, k2tog, p2; rep from \* to end.

**Rows 3 and 7:** K2, \*p3, k2; rep from \* to end.

**Row 4:** P2, \*m1, k3, m1, p2, s2kp, p2; rep from \* to end.

**Row 8:** P2, \*s2kp, p2, m1, k3, m1, p2; rep from \* to end.

Rep rows 1–8 for pompom stitch.

## Plait Stitch

Here's a captivating stitch pattern that is worked with two sizes of needles—one the correct size for the yarn, and the other four sizes larger. Cast on to the larger needles.

Cast on an even number of sts.

**Row 1 (setup row):** Knit using the smaller needle.

**Row 2 (WS):** Purl using the larger needle. Switch back to the small needle.

**NOTE:** Now comes the tricky part, where you knit the 2nd st on the left needle and slip it off carefully, then knit the 1st st on the left needle that you passed over. To do so, insert the right needle pwise into the 2nd st on the left needle and lift it over the 1st st, placing it in the 1st st position, and knit it. Then knit the 1st st that you skipped over.

**Row 3 (RS):** \*Knit 2nd st on left needle, knit 1st st on left needle; rep from \* to end.

**Rows 1 and 3 (RS):** P5, \*k1, p6; rep from \*, ending last rep p5.

**Rows 2, 4, and 6 (WS):** Work sts as they appear, knitting the knits and purling the purls.

**Rows 5 and 7:** \*P4, k1, p1, k1; rep from \* to last 4 sts, p4.

**Row 8:** Work sts as they appear, knitting the knits and purling the purls.

Rep rows 1–8 for chain stitch.

## Little Flowers

**Rows 1, 3, 7, and 9 (RS):** Knit.

**Rows 2, 4, 6, 8, and 10 (WS):** Purl.

**Row 12:** Purl.

Rep rows 1–12 for little flowers.

Rep rows 1–4 for florets.

## Falling Snow

This pretty pattern would work well for throws and baby blankets.

**Make snowflake:** P3tog without dropping sts from left needle, knit same 3 sts tog, then purl them tog again, dropping all off the left needle.

**Row 4:** Rep row 2.

Rep rows 1–4 for bobbles and twist-stitch columns.

## Knotted Texture Stitch

A twisted decrease and a strategic yarn-over form the knots in this pattern.

**Make knot:** K3tog tbl without dropping them from left needle, yo knit the same 3 sts tog again, dropping original sts from left needle.

Cast on a multiple of 5 sts plus 3.

**Row 1 (RS):** K3, \*make knot, k2; rep from \* to end.

**Rows 2, 4, 6 and 8 (WS):** Purl.

**Row 3:** K2, \*make knot, k2; rep from \*, ending last rep k3.

Cast on an even number of sts.

**Row 1 (RS):** Knit.

**Row 2 (WS):** Purl.

**Row 3:** K1, \*k2tog; rep from \* to last st, k1.

**Row 4:** P1, \*k1, m1; rep from \* to last st, p1.

## Tweed Stitch

Though this easy but eye-catching texture is good for just about anything, it would be especially fitting for a woman's suit.

Cast on an even number of sts.

**Row 1 (RS):** K1, \*yo, k2, pass the yo over the k2; rep from \* to last st, k1.

**Row 2 (WS):** Purl.

Rep rows 1 and 2 for tweed stitch.

## Bobbles on Bias

There are a lot of bobbles in this pattern, so it uses more yarn than most patterns, but it creates a dense, warm fabric, great for hats and hooded sweaters.

**Mb (make bobble):** k1, p1, k1, p1, k1 into next st, turn, k5, turn, sl 4 sts to right needle, k1, then pass sl sts one at a time over the k1 and off needle to finish bobble.

Rep rows 1–10 for bobbles on bias.

## CHAPTER 4

# Slipstitch Patterns

## Heel Stitch

True to its name, heel stitch is used for sock heels because it's such a durable, solid stitch pattern.

But you don't have to use it for heels alone; try it for cushion covers, warm winter sweaters, bags, seat covers—anything that requires a sturdy, dense fabric. This pattern begins with a wrong side row.

Cast on an odd number of sts.

**Row 1 (WS):** Purl.

**Row 2 (RS):** K1, \*sl 1 wyib, k1; rep from \* to end.

Rep rows 1 and 2 for heel stitch.

**NOTE:** An easy variation of this pattern is knitting on row 1 instead of purling. It has a bumpier texture, with all the strength and warmth of heel stitch.

## Simple Slipstitch

This is a very basic slipstitch pattern that works well for cushions or garments that require a dense fabric for a tailored look.

Cast on an odd number of sts.

**Row 1 (RS):** P1, \*sl 1 wyif, p1; rep from \* to end.

**Row 2 (WS):** Knit.

**Row 3:** Sl 1 wyif, \*p1, sl 1 wyif; rep from \* to end.

**Row 4:** Knit.

Rep rows 1–4 for simple slipstitch.

## Fluted Slipstitch

This pattern looks similar to ribbing, but it doesn't behave like ribbing. It is reversible, looking the same on both sides.

Cast on a multiple of 4 sts plus 3.

**Row 1:** K3, \*sl 1 wyif, k3; rep from \* to end.

**Row 2:** K1, \*sl 1 wyif, k3; rep from \* to last 2 sts, sl 1, k1.

Rep rows 1 and 2 for fluted slipstitch.

## Bat Stitch

Repeat two simple rows and you have this unique stitch pattern that's appropriate for sweater yokes, tote bags, and much more.

Cast on a multiple of 3 sts plus 1.

**Row 1 (RS):** Knit.

**Row 2 (WS):** \*K1, sl 2 wyib; rep from \* to last st, k1.

Rep rows 1 and 2 for bat stitch.

## Pebble Stitch

Pebble stitch is similar to double seed stitch, but the slipped stitches lend it a deeper texture. This pattern begins with a wrong side row.

Cast on an odd number of sts.

**Row 1 (WS):** P1, \*k1, p1; rep from \* to end.

**Row 2 (RS):** K1, \*sl 1 wyif, k1; rep from \* to end.

**Row 3:** K1, \*p1, k1; rep from \* to end.

**Row 4:** K2, \*sl 1 wyif, k1; rep from \* to last 3 sts, sl 1 pwise wyif, k2.

Rep rows 1–4 for pebble stitch.

## Swag Stitch

This easy pattern, which has a vintage feel to it, is made by slipping the yarn in front over 3 stitches. This one begins with a wrong side row.

Cast on a multiple of 5 sts plus 2.

**Rows 1, 3, and 5 (WS):** Purl.

**Row 2 (RS):** Knit.

**Rows 4 and 6:** P2, \*sl 3 wyif, p2; rep from \* to end.

Rep rows 1–6 for swag stitch.

## Mock Rib

Another stitch pattern that can be used for just about everything, mock rib is so easy to work that you'll find you've knit several inches without even realizing it.

Cast on a multiple of 2 sts plus 1.

**Row 1 (RS):** \*K1, sl 1 wyif; rep from \* to last st, k1.

**Row 2 (WS):** Purl.

Rep rows 1 and 2 for mock rib.

## Double Slipstitch

Double slipstitch is a rugged texture, great for men's sweaters, children's coats, and casual bags.

Cast on a multiple of 4 sts plus 2.

**Row 1 (RS):** K3, \*sl 2 wyif, k2; rep from \*, ending last rep k1.

**Row 2 (WS):** P3, \*k2, p2; rep from \*, ending last rep p1.

**Row 3:** K1, \*sl 2 wyif, k2; rep from \*, ending last rep k3.

**Row 4:** P1, \*k2, p2; rep from \*, ending last rep p3.

Rep rows 1–4 for double slipstitch.

## Linen Stitch

This stitch pattern looks like a flat weave on one side and a rough texture on the other. It lies flat and is wonderful for tailored jackets and coats, as well as throws, cushions, bags, and scarves. Because this fabric pulls itself in so much, you need to use needles that are a few sizes larger than you normally would.

Cast on an even number of sts, using needles that are two or three sizes larger than the size that your yarn calls for.

**Row 1 (RS):** \*K1, sl 1 wyif; rep from \* to last 2 sts, k2.

**Row 2 (WS):** \*P1, sl 1 wyib; rep from \* to last 2 sts, p2.

Rep rows 1 and 2 for linen stitch.

## Double Linen Stitch

This pattern requires large needles so that it isn't too dense to work. Double linen stitch produces a fabric that is so flat and dense that it's really best for things like bags and placemats. Or try using a bulky cotton to make a double linen stitch bath mat.

Cast on a multiple of 4 sts, using needles that are two or three sizes larger than your yarn calls for.

**Row 1 (RS):** K1, \*sl 2 wyif, k2; rep from \*, ending last rep k1.

**Row 2 (WS):** K1, p2, \*sl 2 wyib, p2; rep from \* to last st, k1.

Rep rows 1 and 2 for double linen stitch.

## Slipstitch Tweed

You work the slipped stitches on the right side only of this pattern, which is similar to linen stitch. The purl rows enlarge the weave, and you don't need to use larger needles to work it. It is also known as “half linen stitch.”

Cast on an even number of sts.

**Row 1 (RS):** \*K1, sl 1 wyif; rep from \* to end.

**Row 2 (WS):** Purl.

**Row 3:** \*Sl 1 wyif, k1; rep from \* to end.

**Row 4:** Purl.

Rep rows 1–4 for slipstitch tweed.

## Herringbone Stitch

Twisting and slipping stitches make this a condensed fabric, good for warm coats and cozy bedspreads; it also makes a nice backdrop to embroidered stitches.

Cast on an even number of sts.

**Row 1 (RS):** K1, \*sl 1-k1-*p*ssso but k tbl of sl st before slipping it; rep from \* to last st, k1.

**Row 2 (WS):** \*P2tog but keep sts on left needle, purl 1st st again and then drop both sts off needle; rep from \* to end.

Rep rows 1 and 2 for herringbone stitch.

⊗⊗ Sl 1-k1-*p*ssso but tbl of s1 st before slipping it

⊗⊗ P2tog but keep sts on left needle, purl 1st st again and drop both sts off needle

## Diagonal Tweed

The staggered slip stitches create a stair-step motif with this dynamic stitch.

Cast on a multiple of 4 sts plus 2.

**Row 1 (RS):** \*K2, sl 2 wyif; rep from \* to last 2 sts, k2.

**Rows 2 and 4 (WS):** Purl.

**Row 3:** Sl 1 wyif, \*k2, sl 2 wyif; rep from \* to last st, k1.

**Row 5:** Sl 2 wyif, \*k2, sl 2 wyif; rep from \* to end.

**Row 6:** Purl.

**Row 7:** K1, \*sl 2 wyif, k2; rep from \* to last st, sl 1 wyif.

**Row 8:** Purl.

Rep rows 1–8 for diagonal tweed.

## Eyelet Slipstitch

Dropping the yarn overs instead of working them enlarges the eyelets in this pattern, so it's great for lightweight summer knits.

Cast on a multiple of 4 sts.

**Row 1 (RS):** Knit.

**Row 2 (WS):** \*P4, yo; rep from \* to end.

**Row 3:** \*Drop yo (from prev row) off needle, yo, sl 1, k3, pssso; rep from \* to end.

**Row 4:** Purl.

Rep rows 1–4 for eyelet slipstitch.

Sl 1, k3, pass slipped st over the 3 knit sts

## Slipped 3 x 3 Rib

This beautiful pattern, which is uncomplicated to knit, looks as though it has three layers to it—the 3 x 3 rib on top, the trios of slipped stitches in the middle, and a plain base of knitting on the bottom. In bamboo or stiff linen yarn, this pattern makes an attractive beach bag.

Cast on a multiple of 6 sts plus 5.

**Rows 1 and 7 (RS):** K4, \*p3, k3; rep from \* to last st, k1.

**Row 2 (WS):** K1, p3, \*k3, p3; rep from \* to last st, k1.

**Rows 3 and 5:** K4, \*sl 3 wyif, k3; rep from \* to last st, k1.

**Rows 4 and 6:** K1, p3, \*sl 3 wyib, p3; rep from \* to last st, k1.

**Row 8:** Rep row 2.

Rep rows 1–8 for slipped 3 x 3 rib.

## Slipstitch Diamonds

This is a large pattern, best for shawls, throws and oversized sweaters.

Cast on a multiple of 16 sts plus 3.

**Row 1 (RS):** K4, \*sl 2 wyif, k3, sl 1 pwise wyif, k3, sl 2 pwise wyif, k5; rep from \*, ending last rep k4.

**Row 2 and all even rows (WS):** Purl.

**Rows 3 and 15:** K3, \*sl 2 wyif, k3, sl 3 wyif, k3, sl 2 wyif, k2; rep from \* ending last rep k3.

**Rows 5 and 13:** K2, \*sl 2 wyif, k3, sl 2 wyif, k1; rep from \*, ending last rep k2.

**Rows 7 and 11:** K1, sl 2 wyif, \*[k3, sl 2wyif] twice, k3, sl 3 wyif; rep from \*, ending last rep sl 2, k1.

**Row 9:** K1, \*sl 1 wyif, k3, sl 2 wyif, k5, sl 2 wyif, k3; rep from \* to last 2 sts, sl 1 wyif, k1.

**Row 16:** Purl.

Rep rows 1–16 for slipstitch diamonds.

## Starlight Stitch

Some people think the slipped stitch motifs that appear in this pattern look like twinkling stars; some think they look like little insects.

Cast on a multiple of 10 sts plus 7.

**Rows 1, 3, and 5 (RS):** K6, \*sl 5 wyif, k5; rep from \* to last st, k1.

**Rows 2, 4, 8, and 10 (WS):** Purl.

**Row 6:** P8, \*using right needle, pull up the 3 sl st strands from underneath and wrap yarn around right needle tip as you would to knit, pulling new loop out from under strands and onto right needle so that the strands are drawn together, purl the next st on the left needle, pass the loop from before over the purled st, p9; rep from \*, ending last rep p8.

**Rows 7, 9, and 11:** K1, \*sl 5 wyif, k5; rep from \* to last 6 sts, sl 5 wyif, k1.

**Row 12:** P3, \*collect the 3 loose strands as you did in row 6, purl the next st on the left needle and pass loop over the purled st and off the right needle, p9; rep from \*, ending last rep p3.

Rep rows 1–12 for starlight stitch.

⌘ Using right needle, pull up the 3 sl st strands from underneath and wrap yarn around right needle tip as you would to knit, pulling new loop out from under strands and onto right needle so that the strands are drawn together, purl the next st on the left needle, pass the loop from before over the purled st

## Slipstitch Squares

This is a fitting stitch for bed coverlets and similar large items. It wouldn't be the best pattern for baby blankets, however; baby's little fingers will get caught under the slipped stitches.

Cast on a multiple of 12 sts plus 2.

**Rows 1, 3, 5, 7, and 9 (RS):** K10, sl 3 wyif, \*k9, sl 3 wyif; rep from \* to last st, k1.

**Row 2 and all even rows (WS):** Purl.

**Rows 11, 13, and 15:** K2, sl 3 wyif, \*k1, sl 3 wyif; rep from \* to last st, k1.

**Row 16:** Purl.

Rep rows 1–16 for slipstitch squares.

## Diamond Weave

Calling this a weave is deceptive; the diamonds look like they are made by weaving the yarns in and out, but they're actually formed by a clever use of slipped stitches. This pattern begins with a wrong side row.

Cast on a multiple of 6 sts plus 3.

**Rows 1, 3, 5, and 7 (WS):** Purl.

**Row 2 (RS):** K2, \*sl 5 wyif, k1; rep from \* to last st, k1.

**Row 4:** K4, \*using right needle, pull up the sl st strand from underneath and knit next st on left needle, pulling new st out from under strand, k5; rep from \*, ending last rep k4.

**Row 6:** K1, sl 3 wyif, \*k1, sl 5 wyif; rep from \* to last 5 sts, k1, sl 3 wyif, k1.

**Row 8:** K1, \*knit next st from under loose strand (as you did on row 4), k5; rep from \*, ending last rep k1.

Rep rows 1–8 for diamond weave.

 Using right needle, pull up the sl st strand from underneath and knit next st on left needle, pulling new st out from under strand

## Slipstitch Zigzags

It's amazing how some slipstitch patterns create fabrics that look more like weaving than knitting. This pattern is a great example.

Cast on a multiple of 10 sts plus 2.

**Row 1 (RS):** K2, \*sl 3 wyif, k2, sl 3 wyif, k2; rep from \* to end.

**Row 2 (WS):** Sl 1 wyif, \*sl 3 wyib, p2; rep from \* to last st, sl 1 wyif.

**Rows 4 and 8:** Sl 1 wyif, sl 1 wyib, \*p2, sl 3 wyib; rep from \* to last 5 sts, p2, sl 2 wyib, sl 1 wyif.

**Rows 5 and 7:** K1, \*sl 3 wyif, k2; rep from \* to last st, k1.

**Row 6:** Sl 1 wyif, p1, \*sl 3 wyib, p2; rep from \* to last 5 sts, sl 3 wyib, p1, sl 1 wyif.

**Row 10:** Rep row 2.

Rep rows 1–10 for slipstitch zigzags.

## Big Herringbone

Big herringbone looks quite similar to slipstitch zigzags, though not as dense.

Cast on a multiple of 4 sts plus 2.

**Rows 1, 5, 9, 15, 19, and 23 (RS):** K2, \*sl 2 wyif, k2; rep from \* to end.

**Rows 2, 6, 10, 14, 18, and 22 (WS):** P1, \*sl 2 wyib, p2; rep from \* to last st, p1.

**Rows 3, 7, 11, 13, 17, and 21:** Sl 2 wyif, \*k2, sl 2 wyif; rep from \* to end.

**Rows 4, 8, 12, 16, 20, and 24:** P3, \*sl 2 wyib, p2; rep from \*, ending last rep p1.

Rep rows 1–24 for big herringbone.

## Crisscross

Here's a fun pattern that looks a little like basketweave. It's perfect for outerwear.

Cast on a multiple of 16 sts plus 2.

**Row 1 (RS):** Knit.

**Row 2 (WS):** K2, \*p6 elongated (purl as usual, but wrap yarn over right needle twice and pull both loops through), k2; rep from \* to end.

**Row 3:** K2, \*cross 6 to the right (sl the 6 elongated sts one at a time to the right needle, dropping the extra wrap as you go, then sl the same 6 sts back to the left needle, use the right needle to lift the 4th, 5th and 6th sts on the left needle and place them in front of the first 3 sts on the left needle, then knit the 6 sts in this new order), k2; rep from \* to end.

**Row 4:** P4, k2, \*p6 elongated (as in row 2), k2; rep from \* to last 4 sts, p4.

**Row 5:** K6, \*cross 6 to the left (sl the 6 elongated sts one at a time to the right needle, dropping the extra wraps as you go; use the left needle to lift the 4th, 5th, and 6th sts on the right needle to the left so that they come before the first 3 sts; sl these 6 sts, maintaining the new order, back to the left needle and knit them), k2; rep from \* to last 4 sts, k4.

Rep rows 2–5 for crisscross.

Cross and elongate 6 to the left (sl the 6 elongated sts one at a time to the right needle, dropping the extra wrap as you go; use the left needle to lift the 4th, 5th, and 6th sts on the right needle to the left so that they come before the first 3 sts; sl these 6 sts, maintaining the new order, back to the left needle and knit them)

K1 elongated on RS; P1 elongated on WS (knit or purl as usual, but wrap yarn over right needle twice and pull both loops through)

## Slip 5-4-3-2-1

Here's a stitch pattern you rarely see. The number of stitches slipped decreases as you go, which is why the strands form a triangular shape.

Cast on a multiple of 6 sts plus 1.

**Row 1 (RS):** Knit.

**Rows 2 and 8 (WS):** Purl.

**Rows 3 and 13:** K1, \*sl 5 wyif, k1; rep from \* to end.

**Rows 4 and 12:** \*P2, sl 4 wyib; rep from \* to last st, p1.

**Rows 5 and 11:** K1, \*sl 3 wyif, k3; rep from \* to end.

**Rows 6 and 10:** \*P4, sl 2 wyib; rep from \* to last st, p1.

**Rows 7 and 9:** K1, \*sl 1 wyif, k5; rep from \* to end.

**Row 14:** Purl.

Rep rows 3-14 for slip 5-4-3-2-1.

## Smocking

There are many forms of knit smocking. Not all employ slipped stitches like this one, which has a lively appeal.

Cast on a multiple of 8 sts plus 7.

**Row 1 (RS):** K1, \*sl 1 wyib, k4, pssso the 4 knit sts, k3; rep from \*, ending last rep k1 instead of k3.

**Row 2 (WS):** K1, p1, \*k1, m1 (k1 st from underneath horizontal strand between last st worked and next st on the left needle), k1, p5; rep from \*, ending last rep p1, k1, instead of p5.

**Row 3:** K2, \*p3, k5; rep from \* to last 5 sts, p3, k2.

**Row 8:** K1, \*p5, k3; rep from \* to last 6 sts, p5, k1.

Rep rows 1–8 for smocking.

**\* \* \* \* \*** Sl 1 wyib, k4, pssso the 4 knit sts

CHAPTER 5

# Twist-Stitch Patterns

## Twisted Garter Stitch

Knit through the back loop of every other stitch on alternating rows for this easy twist on simple garter stitch.

Cast on an even number of sts.

**Row 1 (RS):** Knit.

**Row 2 (WS):** \*K1, k1 tbl; rep from \* to end.

**Row 2 (WS):** Purl.

Rep rows 1 and 2 for twisted stockinette stitch.

## Small Zigzags

The “braids” in this pattern are more strikingly jagged, lending the fabric an electric feel. You can use this pattern for just about anything: as an eye-catching framework for Aran cable panels, in cotton for lively looking hand towels, or for a modern women’s suit.

Cast on an even number of sts.

**Row 1 (RS):** \*LT; rep from \* to end.

**Row 2 (WS):** \*RT; rep from \* to end.

Rep rows 1 and 2 for small zigzags.

## CHAPTER 7

# Drop-stitch, Yarn Overs, Eyelet, and Lace

## Mesh Pattern

Repeat the same row for this easy and versatile pattern. It looks great in both fine and bulky yarns.

**Sl 1-k1-pssso (skp):** Sl 1, k1, pass sl st over the k1.

Cast on an even number of sts.

**Row 1 (RS):** K1, \*yo, sl 1-k1-pssso; rep from \* to last st, k1.

**Row 2 (WS):** Rep row 1.

Rep rows 1 and 2 for mesh pattern.

## Lace Rib

This easy and pretty pattern works wonderfully for wraps, dresses, and baby clothes.

Cast on a multiple of 3 sts plus 1.

**Row 1 (RS):** K1, \*yo, ssk, k1; rep from \* to end.

**Row 2 (WS):** K1, \*yo, p2tog, k1; rep from \* to end.

Rep rows 1 and 2 for lace rib.

## Train Tracks

What's nice about this pattern is that, unlike so many openwork patterns that use yarn overs paired with knit 2 together, it doesn't cause the fabric to slant in one direction. Train tracks works beautifully for scarves or as a lace panel inserted into summer cardigans, coverlets, and more.

Cast on a multiple of 4 sts.

**Row 1 (RS):** \*K2tog, [yo] twice, ssk; rep from \* to end.

**Row 2 (WS):** \*K1, [k1, p1] into the 2 yos, k1; rep from \* to end.

Rep rows 1 and 2 for train tracks.

## Oversized Eyelet Lace

This pattern is unusual in that it is a 3-row repeat. There is no “right side.” The third row, a knit row, must be worked with a needle 3 to 4 sizes larger than the size your yarn calls for, in order to keep it loose. Your stitch count will decrease on row 1 and return to the original number on row 2.

Cast on multiples of 8 sts.

**Row 1:** P2, \*yo, p4tog; rep from \* to last 2 sts, p2.

**Row 2:** K2, \*k1, (k1, p1, k1) into yo from prev row; rep from \* to last 2 sts, k2.

**Row 3:** Using a needle 3–4 sizes larger, knit.

Rep rows 1–3 for oversized eyelet lace.

## Drop Stitch Garter

This easy drop stitch pattern makes wonderful scarves, throws, and shawls.

Cast on any number of sts.

**Row 1 (RS):** Knit.

**Row 2 (WS):** Knit.

**Row 3:** K1, \*yo twice, k1; rep from \* to end.

## Triangle Lace

This very textured lace pattern is great for baby blankets, throws, and scarves.

**Row 1 (RS):** K1, \*yo, sl 1, k1, yo, pssso the knit st and the yo; rep from \* to end.

**Row 2 (WS):** \*P2, drop yo from prev row; rep from \* to last st, p1.

**Row 3:** K2, \*yo, sl 1, k1, yo, pssso the knit st and the yo; rep from \* to last st, k1.

**Row 4:** P3, \*drop yo from prev row, p2; rep from \* to end.

Rep rows 1–4 for triangle lace.

 Sl 1, k1, yo, pssso the knit st and the yo

**Row 4:** K2, \*yo, k1, k2tog; rep from \* to last st, k1.

Rep rows 1–4 for cell stitch.

## Brioche Honeycomb

Brioche patterns combine yarn overs with slipped stitches and knit 2 together (or purl 2 together), and the result is usually a loose but three-dimensional fabric. Going up a needle size gives this pattern a nice, soft drape. This pattern begins with a wrong side row.

Cast on an even number of sts.

**Row 1 (WS):** \*Yo, sl 1 wyib, k1; rep from \* to end.

**Row 2 (RS):** \*K1, k2tog (these are the yo and the slipped st from the prev row); rep from \* to end.

Rep rows 1–4 for brioche honeycomb.

---

## Openwork Rows

This four-row pattern looks almost like a grid of openwork. It's simple to work and is fitting for large expanses of fabric.

**M1 pwise:** Left horizontal strand of yarn between sts with left needle and purl it.

Cast on an odd number of sts.

**Row 1 (RS):** Purl.

## Lace Checks

Perfect for baby blankets and bedspreads, lace checks is an easy-to-work pattern. It begins with a wrong side row.

Cast on a multiple of 16 sts.

**Row 1 and all odd rows (WS):** Purl.

## Many Circles Lace

Here's an unusual lace that is lovely for light wraps, tablecloths, and bedskirts. And it looks just as beautiful on the "wrong side."

**Sl 1-k2tog-*p*ssso (sk2p):** Sl 1, k2tog, pass sl st over k2tog.

**Sl 2-k1-*p*2sso (s2kp):** Slip the 1st and 2nd sts tog kwise, k1, pass the 2 sl sts over the knit stitch.

## CHAPTER 8

# Borders and Edgings

## Easy Eyelet Border

This is a simple yet versatile border pattern. Use it for sleeves, skirts, hats, and blankets.

Cast on an even number of sts.

**Rows 1–4:** Knit.

**Row 5:** K1, \*yo, k2tog; rep from \* to last st, k1.

**Rows 6–8:** Knit.

**NOTE:** You can lengthen the border by working an inch or so of stockinette stitch after row 8 and repeat rows 1–8 for a second band.

## Basic Ruffle

For this ruffle, you need to start with twice the number of stitches as there are in the main part of your knitting. For example, if you are knitting a sweater back over 60 stitches, you cast on 120 stitches for this ruffle.

Work in St st to the desired length of the ruffle, ending with a purl row.

K2tog across the entire row. You end up with half the number of sts you cast on.

**NOTE:** You can work 3 rows of garter stitch to accentuate the decrease row. The chart is for reference only; adjust the number of rows to your project.

## Curly Ruffle

This fun ruffle looks great on baby blankets and little girls' sweaters. You need to cast on four times the number of stitches you want to end up with, minus 3. For example, if you want to end up with 60 stitches, you cast on 237 stitches to create a curly ruffle.

**Row 1 (RS):** K1, \*k2, pass the first of these 2 sts over the second and off the needle; rep from \* to end of row.

**Row 2 (WS):** P1, \*p2tog; rep from \* to end of row.

**NOTE:** You can work the ruffle on smaller needles if you want it to be tighter.

## Bobbled Border

This border adds a simple yet substantial, three-dimensional edge to hems and cuffs. It begins with a wrong side row.

**Mb (make bobble):** Knit into the front, back, front, back, and front (that's five times) of the next stitch. Without turning the work, use the left needle to pick up the fourth stitch and pass it over the fifth and off the needle; pass the third over the fifth and off; pass the second over the fifth and off; and finally, pass the first over the fifth stitch and off.

Cast on a multiple of 6 sts plus 5.

**Row 1 (WS):** Knit.

**Row 2 (RS—bobble row):** K2, \*mb, k5; rep from \* to last 3 sts, mb, k2.

**Rows 3–5:** Knit.

## Chevron Edging

Pairing decreases and increases will produce the pointed edges in this pattern. For variation, you can increase the number of stitches between the decrease and the increase.

Cast on a multiple of 11 sts.

**Rows 1–2:** Knit.

**Row 3 (RS):** \*K2tog, k3, M1R, k1, M1L, k3, k2tog tbl; rep from \* to end.

**Row 4:** Purl.

Rep rows 3–4 to desired length.

## Scallop and Eyelet Edging

This edging is similar to the chevron edging, but uses yarn overs instead of M1s for the increases.

Cast on a multiple of 11 sts.

**Rows 1, 3, and 5 (RS):** Purl.

**Rows 2, 4, and 6:** Knit.

**Row 7:** \*K2tog, k3, yo, k1, yo, k3, k2tog; rep from \* to end.

**Row 8:** K2, purl to last 2 sts, k2.

Rep rows 7–8 to desired length.

## Easy Pointed Edging

This border creates a series of diagonally biased points. You make the border as long as the edge you need to attach it to and sew it on later.

Cast on 6 sts.

**Row 1 (RS):** K3, yo, k3—7 sts.

**Rows 2, 4, 6, 8, and 10 (WS):** Knit.

**Row 3:** K3, yo, k4—8 sts.

**Row 5:** K3, yo, k5—9 sts.

**Row 7:** K3, yo, k6—10 sts.

**Row 9:** K3, yo, k7—11 sts.

**Row 11:** K3, yo, k8—12 sts.

**Row 12:** B0 6 sts, k5—6 sts.

Rep rows 1–12 until the edging is the desired length. B0 all stitches.

## Serrated Lace Edging

This lacy edging is worked sideways as a separate piece. You cast on 11 stitches, then repeat the four rows over and over until the edging is the same length as the edge you will be attaching it to. Binding off the first 4 stitches on row 4 is what creates the serrated edge.

Cast on 11 sts.

Knit one row in preparation for beginning the pattern.

**Row 1 (RS):** K3, [yo, ssk, k1] twice, [yo] twice, k1, [yo] twice, k1—15 sts.

**NOTE:** Treat the double yarn overs as 2 stitches.

**Row 2 (WS):** [K2, p1] 4 times, k3.

**Row 3:** K3, yo, ssk, k1, yo, ssk, k7.

**Row 4:** B0 4 sts, k3, p1, k2, p1, k3—11 sts.

Rep rows 1–4 to desired length.

## Ribbed Lace Trim

You can use this pretty edging for cuffs, summery sweaters, and wraps. It would also look lovely sewn onto curtain hems and pillowcases. If using the trim for cuffs or other knit items, you can continue with the knitting of that item from where you leave off with the trim; just remember to cast on one-third more stitches than you need to end up with.

Cast on a multiple of 3 sts plus 1.

**Row 1 (RS):** K1 tbl, \*p2, k1 tbl; rep from \* to end.

**Row 2:** P1, \*k1 tbl, k1, p1; rep from \* to end.

Rep rows 1 and 2 until trim is required length, ending on row 2.

**Next row (RS):** K1 tbl, \*drop next st, p1, k1 tbl; rep from \* to end.

**NOTE:** dropping the stitches is what will make the ladders between the ribs.

With the new stitch count, work 4–6 rows of ribbing as follows:

**Row 1 (WS):** P1, \*k1 tbl, p1; rep from \* to end.

**Row 2:** K1 tbl, \*p1, k1 tbl; rep from \* to end.

Unravel dropped sts to the CO row.

**NOTE:** Use the chart for reference only—the number of rows you work for the ladder section and the rib section is up to you.

If using the trim as a separate edging (to be sewn on), BO sts; otherwise, continue from here with your pattern.

## Tailfin Edging

This pointed edging works wonderfully as a trim on girls' sweaters, baby blankets, or repeated as a scarf pattern.

**Mb (make bobble):** Knit into the front, back, front, back, and front of the next stitch. Without turning the work, use the left needle to pick up the fourth stitch and pass it over the fifth and off the needle; pass the third over the fifth and off; pass the second over the fifth and off; and finally, pass the first over the fifth stitch and off.

**Sl 1-k2tog-ssso (sk2p):** Sl 1, k2tog, pass sl st over the k2tog.

Cast on a multiple of 10 sts plus 1.

**Work preparation row (WS):** \*P5, mb, p4; rep from \*, ending last rep p5.

**Row 1 (RS):** K1, \*yo, k3, sl 1-k2tog-ssso, k3, yo, k1; rep from \* to end.

**Row 2:** Purl.

**Row 3:** P1, \*k1, yo, k2, sl 1-k2tog-ssso, k2, yo, k1, p1; rep from \* to end.

**Rows 4 and 6:** \*K1, p9; rep from \* to last st, k1.

**Row 5:** P1, \*k2, yo, k1, sl 1-k2tog-ssso, k1, yo, k2, p1; rep from \* to end.

**Row 7:** P1, \*k3, yo, sl 1-k2tog-ssso, yo, k3, p1; rep from \* to end.

**Row 8:** Purl.

**Row 9:** K1, \*k3, yo, sl 1-k2tog-ssso, yo, k4; rep from \* to end.

Continue from here with the pattern of your choice.

**NOTE:** For a more substantial edging, repeat rows 1–9 once more, and continue in your chosen pattern from there. Another option is to repeat rows 8 and 9 as your item's main pattern.

## Floral Lace Edging

Here's a pretty edging that looks complex but is easy to work. This pattern begins with a wrong side row.

**Sl 1-k2tog-ssso (sk2p):** Sl 1, k2tog, pass sl st over the k2tog.

**Sl 1-k1-ssso (skp):** Sl 1, k1, pass sl st over the k1.

Cast on 13 sts.

**Rows 1, 3, 5, and 7 (WS):** K2, yo, k2tog, purl to end.

**Row 2:** Sl 1-k2tog-ssso, yo, k2tog, yo, k1, yo, sl1-k1-ssso, yo, k2, yo, k2tog, k1.

## Ocean Waves

Work this lacy trim sideways until it is the same length as the edge you're attaching it to, and then just sew it on. It's the perfect edging for fancy linens, bedskirts, lacy curtains, and feminine sweaters. This one begins with a wrong side row.

**Sl 1-k2tog-ssso (sk2p):** Sl 1, k2tog, pass sl st over the k2tog.

Cast on 13 sts.

**Row 1 and all odd rows (WS):** K2, purl to last 2 sts, k2.

**Row 2 (RS):** Sl 1, k3, yo, k5, yo, k2tog, yo, k2—15 sts.

**Row 4:** Sl 1, k4, sl 1-k2tog-ssso, k2, [yo, k2tog] twice, k1—13 sts.

**Row 6:** Sl 1, k3, ssk, k2, [yo, k2tog] twice, k1—12 sts.

**Row 8:** Sl 1, k2, ssk, k2, [yo, k2tog] twice, k1.

**Row 10:** Sl 1, k1, ssk, k2 [yo, k2tog] twice, k1.

**Row 12:** K1, ssk, k2, yo, k1, yo, k2tog, yo, k2.

**Row 14:** Sl 1, [k3, yo] twice, k2tog, yo, k2.

Rep rows 1–14 to desired length.

## Diamond Eyelet Edging

Here the eyelets frame and highlight the diamond shapes on the edging. This is another edging that's worked sideways to the length desired. Note that the stitch count changes along the way, but returns to the original 9-stitch count by row 12.

Cast on 9 sts.

**Row 1 (RS):** K3, [k2tog, yo] twice, k1, yo, k1—10 sts.

**Row 2 (WS):** [K1, p1] 3 times, k4.

**Row 3:** K2, [k2tog, yo] twice, k3, yo, k1—11 sts.

**Row 4:** K1, p1, k3, p1, k1, p1, k3.

**Row 5:** K1, [k2tog, yo] twice, k5, yo, k1—12 sts.

**Row 6:** K1, p1, k5, p1, k1, p1, k2.

**Row 7:** K3, [yo, k2tog] twice, k1, k2tog, yo, k2tog—11 sts.

**Row 8:** K1, p1, k3, p1, k1, p1, k3.

**Row 9:** K4, yo, k2tog, yo, k3tog, yo, k2tog—10 sts.

**Row 10:** [K1, p1] 3 times, k4.

**Row 11:** K5, yo, k3tog, yo, k2tog—9 sts.

**Row 12:** [K1, p1] twice, k5.

Rep rows 1–12 to desired length.

## Loop Fringe Edging

Add a bit of fun to your hems, cuffs, and collars with this playful fringe. You can adjust the thickness of the fringe by tripling or quadrupling strands of yarn instead of doubling them. To create a shorter fringe, decrease the number of stitches at the end of row 1 and the beginning of row 2. This edging is worked sideways to the length desired, and sewn to your finished item.

Cast on 13 sts.

**Row 1:** K2, yo, k2tog, k1, yo, k2tog, k6.

**Row 2:** P5, k2, [yo, k2tog, k1] twice.

Rep rows 1 and 2 to desired length.

**Next row:** Sl 1, BO 7 sts, cut yarn and draw through st rem from BO. Sl rem 5 sts off needle and unravel down to CO row to form lps.

## Lacy Chevron Edging

Lend a three-dimensional effect to edges with this geometric trim. The stitch count nearly doubles by the time you're halfway through, and then returns to the original 7 stitches by the last row.

Cast on 7 sts.

**Row 1:** K2, [yo, k2tog] twice, yo, k1—8 sts.

**Row 2 and all even rows to 20:** Knit.

**Row 3:** K3, [yo, k2tog] twice, yo, k1—9 sts.

**Row 5:** K4, [yo, K2tog] twice, yo, k1—10 sts.

**Row 7:** K5, [yo, k2tog] twice, yo, k1—11 sts.

**Row 9:** K6, [yo, k2tog] twice, yo, k1—12 sts.

**Row 11:** K7, [yo, k2tog] twice, yo, k1—13 sts.

**Row 13:** K6, [yo, k2tog] twice, yo, k3tog—12 sts.

**Row 15:** K5, [yo, k2tog] twice, yo, k3tog—11 sts.

**Row 17:** K4, [yo, k2tog] twice, yo, k3tog—10 sts.

**Row 19:** K3 [yo, k2tog] twice, yo, k3tog—9 sts.

**Row 21:** K2, [yo, k2tog] twice, yo, k3tog—8 sts.

**Row 22:** K2tog, knit to end—7 sts.

Rep Rows 1–22 to desired length.

## 3-D Diamonds Edging

Here's an openwork edging that has a modern feel. Like many lace trims, this is worked sideways until it is the same length as the edge you'll be attaching it to.

**Sl 1-k2tog-ssso (sk2p):** Sl 1, k2tog, pass sl st over the k2tog.

Cast on 12 sts and purl 1 row.

**Row 1:** Sl 1, k1, yo, k2tog, p1, k4, yo, k2tog, yo, k1.

**Rows 2, 4, 6, 8, and 10:** Yo, purl to end.

**Row 3:** Sl 1, k1, yo, k2tog, p1, k2tog, k2, yo, k2tog, yo, k3.

**Row 5:** Sl 1, k1, yo, k2tog, p1, k2tog, k1, yo, k2tog, yo, k5.

**Row 7:** Sl 1, k1, yo, k2tog, p1, [k2tog, yo] twice, k7.

**Row 9:** Sl 1, k1, yo, k2tog [k2tog, yo] twice, k9.

**Row 11:** Sl 1, k1, yo, k2tog, k1, yo, k2tog, yo, k3, ssk, p1, k2tog, k3.

**Rows 12, 14, 16 and 18:** Purl.

**Row 13:** Sl 1, k1, yo, k2tog, k2, yo, k2tog, yo, k2, ssk, p1, k2tog, k2.

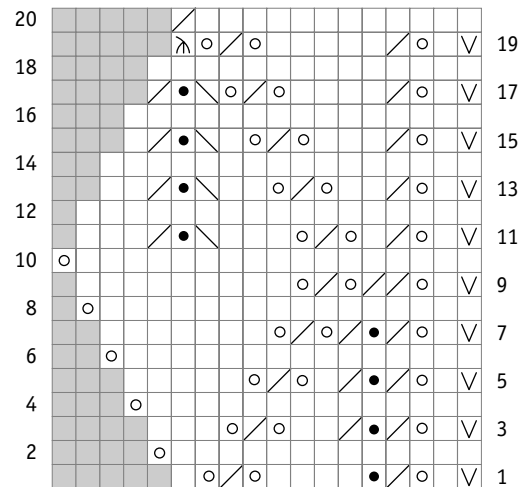

**Row 15:** Sl 1, k1, yo, k2tog, k3, yo, k2tog, yo, k1, ssk, p1, k2tog, k1.

**Row 17:** Sl 1, k1, yo, k2tog, k4, yo, k2tog, yo, ssk, p1, k2tog.

**Row 19:** Sl 1, k1, yo, k2tog, k5, yo, k2tog, yo, sl 1-k2tog-ssso.

**Row 20:** P2tog, purl to end.

Rep rows 1–20 for desired length.

## Picot Hem

A picot hem, which looks like a line of tiny scallops and is easy to do, adds that extra polish to anything you choose to use it for—bags, baby knits and blankets, or tailored skirts and jackets. You need two sets of needles: one suited to your yarn's gauge, and the other a size or two smaller.

Using the smaller needles, cast on an odd number of sts.

**Inside hem:** Work in stockinette stitch (knit on RS, purl on WS) for approximately 1 inch, ending with a WS row.

Change to the larger needles.

**Picot row:** \*K2tog, yo; rep from \* to last st, k1.

**Outside hem:** Beg with a WS row, continue in stockinette st for 1 inch.

When your knit item is complete, lightly steam folded hem, and whipstitch the inside edge in place.

## CHAPTER 9

# Creative Stitches and Combinations

## Loop Stitch

You can use this technique to add fun and fashionable borders to sweater hems, collars, and cuffs; it also works fabulously for cushion covers. It may take a little practice to master, so the loop instructions are given in great detail. This pattern begins with a wrong side row.

**Loop 1:** Knit into next st, but don't drop it off the needle. Bring yarn to front, between the needles, and loop it over your thumb, then bring the yarn between the needles to the back. Knit into the st again, this time bringing it up and off the left needle. You will have 2 sts on the right needle. Pass the 1st st over the 2nd and off to secure the loop.

Cast on any number of sts.

**Row 1 (WS):** Knit.

**Row 2 (RS):** \*Loop 1; rep from \* to end.

Rep rows 1 and 2 for loop stitch.

## Acorns

Here's a fun pattern that requires a bit of patience and concentration, but is well worth the effort. Once you master making the little "acorns," you can disperse them across the fabric in the pattern as you wish.

Cast on a multiple of 5 sts plus 2.

**Rows 1 and 3 (RS):** Knit.

**Row 2 and all even rows (WS):** Purl.

**Row 5:** K2, \*make acorn [insert right needle into the st 4 rows below the 3rd st on left needle, draw up a lp, place lp onto left needle, yo on right needle] 3 times, but omit the yo in the 3rd rep, knit the 3 long sts plus the next st on left needle tog tbl, pass both yarn overs on right needle over the last st worked (making the acorn "cap"), k4; rep from \* to end.

**Row 6:** Purl.

Rep rows 1–6 for acorns.

## Bluebell Stitch

Purling 5 stitches together and then increasing 5 stitches into the following stitch forms the bell-shaped motifs in this eye-catching pattern.

Cast on a multiple of 6 sts plus 2.

**Row 1 (WS):** K1, \*p5tog, (k1, p1, k1, p1, k1) into next st; rep from \* to last st, k1.

**Rows 2 and 4 (RS):** Purl.

**Row 3:** K1, \*(k1, p1, k1, p1, k1) into next st, p5tog; rep from \* to last st, k1.

**Row 5:** \*Insert right needle into 1st st, wrap yarn around needle 3 times and knit the st; rep from \* to end.

**Row 6:** \*Knit the first of the 3 wraps and drop the other 2; rep from \* for every st. (You should have the same number of sts that you began with.)

Rep rows 1–6 for bluebell stitch.

## Cabled Lace

You can combine various types of stitches to form intricate and unique patterns. Here's a fairly simple blend of basic cables and eyelets.

**C6B:** Sl next 3 sts to cn and hold at front of work, k3 from left needle, k3 from cn.

**Sl 1-k1-*p*ss0 (skp):** Sl 1, k1, pass sl st over the k1.

**Sl 2-k1-*p*2sso (s2kp):** Sl the 1st and 2nd sts tog kwise, k1, pass the 2 sl sts over the knit st.

Cast on a multiple of 11 sts plus 6.

**Rows 1 and 5 (RS):** K6, \*yo, sl 1-k1-*p*ss0, k1, k2tog, yo, k6; rep from \* to end.

**Row 2 and all even rows (WS):** Purl.

**Row 3:** \*C6B, k1, yo, sl 2-k1-*p*2sso, yo, k1; rep from \* to last 6 sts, C6B.

**Row 7:** \*K7, yo, sl 2-k1-*p*2sso, yo, k1; rep from \* to last 6 sts, k6.

**Row 8:** Purl.

Rep rows 1–8 for cabled lace.

## Smocking Stitch

Smocking stitch works beautifully on sweater bodices, little girls' dresses, and cushion covers.

**Smock st:** Insert right needle between 6th and 7th sts on left needle, wrap yarn over needle as if to knit and draw lp through; place lp on left needle and knit it together with next st.

Cast on a multiple of 16 sts plus 2.

**Rows 1 and 5 (RS):** P2, \*k2, p2; rep from \* to end.

## CHAPTER 10

# Color Knitting

# STRANDED COLOR PATTERNS

## Stranded Color Pattern 1

This eye-catching design will really liven up a pair of socks or a simple sleeveless pullover.

8 stitches, 8-row repeat

## Stranded Color Pattern 2

Simply varying the heights of the rectangles lends this pattern its modern appeal.

3 stitches, 7-row repeat

## Stranded Color Pattern 3

Use this as an allover pattern to complement a detailed border.  
Finish with row 1 for the final repetition.

7 stitches, 7-row repeat

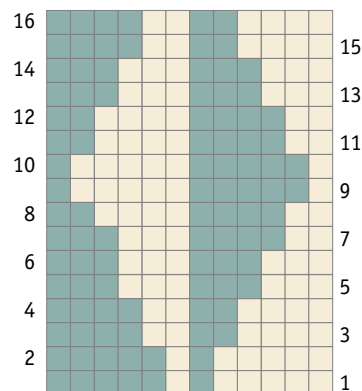

---

## Stranded Color Pattern 4

After working a few repetitions of this striking pattern,  
you'll be able to do it without having to think about it.

12 stitches, 16-row repeat

## Stranded Color Pattern 5

This color pattern is unusual in that you use two colors *and* you knit and purl all in the same row. To work the purl stitches on the right side after knitting the first two stitches, drop the first color and leave it at the back, then bring the second color under the first and to the front of the work. Purl the two stitches, then return the second color to the back. On the wrong side, bring the second yarn to the back, knit the first two stitches, then bring the same yarn to the front. Now purl two stitches with the first color.

4 stitches, 2-row repeat

## Stranded Color Pattern 6

This pattern can be used as a border when worked over the full six rows, or it can be used as an allover stripe pattern if you repeat rows 1 through 5.

6 stitches, 6-row border or 5-row repeat

## Stranded Color Pattern 7

This is a very easy all-over pattern that, up close, looks like tiny *fleurs-de-lis*.

6 stitches, 4-row repeat

---

## Stranded Color Pattern 8

You can use this pattern as a border accent at the hem or cuff of a sweater.

8 stitches, 11-row border

## Stranded Color Pattern 9

Liven up a plain stockinette stitch sweater with this simple border. To use it as an allover pattern, repeat rows 1 through 6 and finish the final repetition with row 7.

4 stitches, 7-row border or 6-row repeat

## Stranded Color Pattern 10

This allover pattern is so simple to work, but the result is distinctively modern.

4 stitches, 12-row repeat

## Stranded Color Pattern 11

This leaf-patterned border is perfect for dressing up cuffs of mittens and gloves.

4 stitches, 15-row border

## Stranded Color Pattern 12

This simple all-over pattern is good for sweaters, vests, mittens—just about everything, really. You can change the colors to suit the project.

4 stitches, 6-row repeat

## Stranded Color Pattern 13

This pattern is easy to work but looks richer because you use four colors. Use it as a border, as an allover pattern, or as a stripe in a Fair Isle sweater.

6 stitches, 7-row repeat

## Stranded Color Pattern 14

As a 15-row border, this pattern is fairly staid; as an allover pattern, it's electrifying. To work it as a border, end with row 1.

4 stitches, 14-row repeat or 15-row border

## Stranded Color Pattern 15

A simple check pattern like this works wonderfully for blankets, pillow covers, and plain pullovers.

6 stitches, 12-row repeat

## Stranded Color Pattern 16

Here you can see how changing the color combinations of the same stitch pattern can drastically change the look of the design. Repeating the same pattern as stripes in different colors is also a fun way to make a very colorful pattern without a lot of fuss.

8 stitches, 33-row repeat

## Stranded Color Pattern 18

This is a pretty flower-motif border pattern that can be turned clockwise on its side to be used as a vertical panel.

20 stitches, 19-row border

## Stranded Color Pattern 19

This is the color version of the Circles pattern on page 32.

8 stitches plus 1, 8-row repeat

## Stranded Color Pattern 20

There are many versions of argyle. This one is monochromatic, but you can change the color scheme to suit your taste.

12 stitches, 10-row repeat

---

## Stranded Color Pattern 21

In any combination of colors, this pattern creates a vibrant fabric that's ideal for cushion covers, mittens, and children's wear.

10 stitches, 10-row repeat

## Stranded Color Pattern 22

This is the perfect border for ski sweaters and matching mittens.

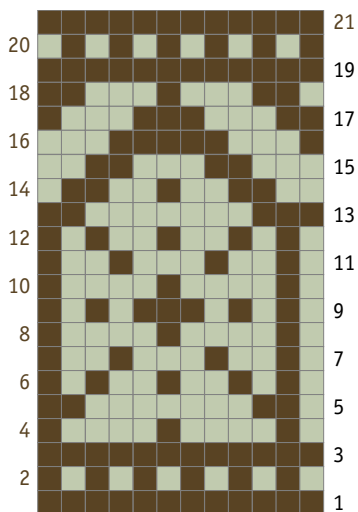

12 stitches, 19-row border

## Stranded Color Pattern 23

Use this bold border for fall coats and hems of sweaters, skirts, and dresses.

12 stitches, 21-row border

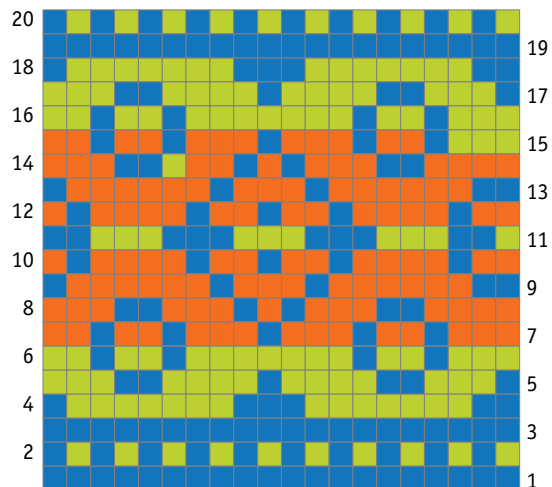

## Stranded Color Pattern 30

Knit some sample swatches of this lively pattern in a few different color schemes and you'll see how versatile it is.

20 stitches, 20-row repeat

## Stranded Color Pattern 32

A warm winter sweater knit up in this design will remind you that spring will eventually come.

14 stitches, 21-row repeat

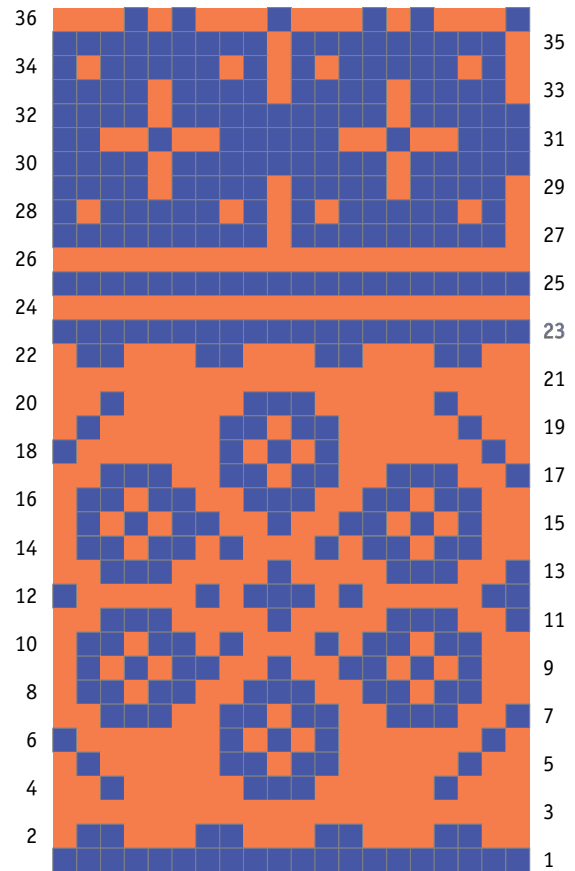

## Stranded Color Pattern 34

This is the perfect pattern for a densely knit ski sweater.

20 stitches, 36-row repeat

## Stranded Color Pattern 35

This is a big pattern worthy of oversized thigh-length pullovers, long skirts, and hefty floor cushions.

34 stitches, 40-row repeat

## Stranded Color Pattern 36

This allover pattern involves using more than two colors per row. You can carry all four yarns across the back as you would with two.

36 stitches, 36-row repeat

## Stranded Color Pattern 37

An all-over pattern like this takes a bit of concentration to work at first, but after a few repeats the diagonals become predictable and the beauty of the pattern unfolding keeps you going.
